Articles of War

(Promises made when becoming a soldier in The Salvation Army)

A SOLDIER'S COVENANT

HAVING accepted Jesus Christ as my Saviour and Lord, and desiring to fulfil my membership of the Church on earth as a soldier of The Salvation Army, I now by God's grace enter into a sacred covenant

I believe and will live by the truths of the word of God expressed in The Salvation Army's eleven articles of faith:

We believe that the Scriptures of the Old and New Testaments were given by inspiration of God, and that they only constitute the Divine rule of Christian faith and practice.

We believe that there is only one God, who is infinitely perfect, the Creator, Preserver, and Governor of all things, and who is the only proper object of religious worship.

We believe that the one Godhead exists in three persons, the Father, the Son, and the Holy Ghost—undivided in essence and co-equal in power and glory.

We believe that in the person of Jesus Christ the Divine and human natures are united, so that He is truly and properly God and truly and properly man.

We believe that our first parents were created in a state of innocency, but by their disobedience they lost their purity and happiness, and that in consequence of them fall all men have become sinners, totally depraved, and as such are justly exposed to the wrath of God.

We believe that the Lord Jesus Christ has by His suffering and death made an atonement for the whole world so that whosoever will may be saved.

We believe that repentance towards God, faith in our Lord Jesus Christ and regeneration by the Holy Spirit are necessary to be saved.

We believe that we are justified by grace, through faith in our Lord Jesus Christ, and that he that believeth hath the witness in himself.

We believe that continuance in a state of salvation depends upon continued obedient faith in Christ.

We believe that it is the privilege of all believers to be wholly sanctified, and that their whole spirit, soul and body may be preserved blameless unto the coming of our Lord Jesus Christ.

Realtor.com economist: 'This is no housing bubble'

http://nationalmortgagenews.com/news/article.cfm

CHICAGO – April 30, 2015 – Home prices are rising more rapidly than they did just a few months ago, as demand outpaces supply. Existing home sales surged 8 percent year-over-year in March, and home prices rose 8 percent over last year, according to the National Association of Realtors®. In addition, tight inventories plague many markets.

With home prices heating up again, could the housing market be heading for another bubble? Jonathan Smoke, realtor.com's chief economist, says no.

"During the peak years of the housing bubble, from 2003 to 2006, the data on supply versus price appreciation looked very similar to what we are seeing now," writes Smoke. "But there are key differences, which is why I'm confident that on the national level, this is no bubble."

Smoke says today's home price increases will stick because the market is correcting for severe price declines in the recent past. Prices rose 7 percent and 12 percent in 2012 and 2013, respectively, but median prices have climbed less than 4 percent on a compounded annual basis over the past three years.

On the other hand, from 2002 to 2005, median prices rose 10 percent on a compounded annual basis – and had no justification for that upward bounce from a price decline, Smoke says.

"On an inflation-adjusted basis, we are 30 percent beneath the peak set in 2005," Smoke notes. What's more, "relative to rents or incomes, median home prices are not 'unhinged' from long-term averages."

In 2005, the price-to-rent ratio was 35 percent higher. Currently, the price-to-income ratio is where it was in 2001 and also 30 percent below where it was in 2005.

Smoke also says that mortgage financing saw rapid expansion during the housing bubble, and flipping activity by speculative investors soared – neither of which is occurring now.

"To be sure, higher prices are only to be expected as the economy improves and first-time buyers gradually return to the market," Smoke writes. "Eventually, these higher prices should encourage more owners to list their homes and builders to start construction on new housing – which in turn should solve the problem of supply."

Buckwheat Zydeco

From Wikipedia, the free encyclopedia

Buckwheat Zydeco is the stage name of **Stanley Dural, Jr** (born November 14, 1947) an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and His Son Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says "Stanley 'Buckwheat' Dural leads one of the best bands in America. A down-home and high-powered celebration, meaty and muscular with a fine-tuned sense of dynamics — propulsive rhythms, incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer".[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clapton (with whom Buckwheat also recorded) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN*, *The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*.

Drie Studenten

Drie studenten, even dartel, so als vaak studenten zyn, liepen langs de weg te
zingen noch verhit van koele wijn
Nu was deze, dan was gene, dronken van de spotternij
Nu was er een boerendeern dan een juffrouw an hun zij

In de verte komt een landman, die van 't velt naar huis wou gaan met een
gereetschap op zyn schouder Wil te vreeden, zachtjes aan T'is een oude
reeds vandagen, door het dagwerk afgemaakt. En die in de streeken van de
jeugd geen lust meer hat.

Goeden avond vader Abraham roept de eerste van hun uit.
Goeden avond vader Isaac roept de tweede tamelijk luit.
Goeden avond vader Jacob roept de derde en hij keek hem aan.

Maar de oude die blijft staan.Naar hen toe tredent spreekt hij hun al dus
vriendelijk aan.
Nee ik ben geen Abraham, nog Isaac en Jacob ben ik ook al niet.

Dus gij hebt het niet geraden en ik zeg uw gij hebt het mis Want ik ben Saul
de zoon van Kis, die reeds vroeg werd uit gezonden in het berg en in het dal.
Om drie ezels op te zoeken, weg gelopen uit de stal

Maar ik hoef nu niet meer te zoeken, daar ik drie ezels voor my zie
En ik kan gerust naar huis gaan Goeden avond, alle drie

How to Repair a Corrupt Windows 7 Installation

By Marco Chiappetta

PCWorld | NOV 4, 2011 6:00 PM PT

Every operating system needs an occasional repair job, and Windows 7 is no exception. Whether the source of the problem is corrupt data, a particularly brutal piece of malware, or some other serious issue, you'll occasionally have to reinstall your copy of Windows.

Wiping your hard drive and performing a fresh installation can be a huge headache, but fortunately there's a way to repair a corrupt Windows 7 installation while keeping all your programs, personal data, and user accounts intact. With Windows 7, you can perform an in-place upgrade installation to repair a flaky existing install. Though technically designed to upgrade older Windows operating systems like Vista, the in-place upgrade installation option can also be used to repair an existing installation of Windows 7.

The in-place Upgrade installation involves multiple stages, starting with copying installation files to the destination drive and gathering existing files and settings.

Employers, Please Note—

Specific information needed to complete Form W-2 is available in a separate booklet titled the *2016 General Instructions for Forms W-2 and W-3*. You can order these instructions and additional forms at *www.irs.gov/w2forms*.

Caution. Do not send the SSA Forms W-2 and W-3 that you have printed from IRS.gov. The SSA is unable to process these forms. Instead, you can create and submit them online. See *E-filing* later.

Due dates. By January 31, 2017, furnish Copies B, C, and 2 to each person who was your employee during 2016. **By January 31, 2017**, send Copy A of Form(s) W-2 and W-3 to the SSA. If you file electronically, the due date is also **January 31, 2017**. See the separate instructions.

Need help? If you have questions about reporting on Form W-2 and the information reporting customer service site toll free at 1-866-455-7438 or 304-263-8700 (not toll free). For TTY/TDD equipment for persons who are deaf, hard of hearing, or have a speech disability, call 304-579-4077 (not toll free). The hours of operation are 8:30 a.m. – 4:30 p.m. Eastern time.

E-filing. If you file 250 or more Form(s) W-2, you must file electronically. Even if you are not required to file electronically, doing so can save you time and effort. Employers may now use the SSA's W-2 Online service to create, save, print, and submit up to 50 Form(s) W-2 at a time over the Internet. When you e-file with the SSA, no separate Form W-3 filing is required. An electronic Form W-3 will be created for you by the W-2 Online service. For information, visit the SSA's Employer W-2 Filing Instructions & Information website at *www.socialsecurity.gov/employer*.

Future developments. Information about any future developments affecting Form W-2 and its instructions (such as legislation enacted after we release them) will be posted at *www.irs.gov/w2*.

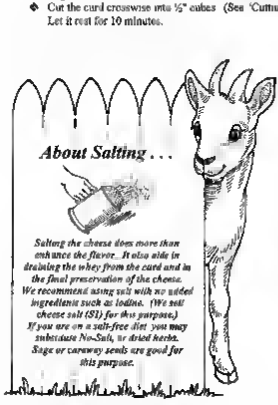
1 gallon whole milk (goats milk is great for this)
1 packet of Mesophilic Direct Set Culture (C101)
½ rennet tablet crushed & dissolved in ¼ cup cool water
2 Tbls. cheese salt

- (You can use 1/4tsp Calcium chloride for a firmer curd)
  Heat milk slowly to 86°F (Use indirect heat by immersing your milk pot in a larger pot of hot water or keep your pot in the sink surrounded by water)
- Add starter culture and gently stir Hold at 86°F for 1 hour.
  (Take the pot out of the water it will hold it's heat close enough)
- Dissolve rennet in cool water and add to the milk, stir gently for one minute
- Allow the milk to set undisturbed for ½ hour Maintain the 86°F temperature.
- The curd is adequately firm when you see it separating from the edge of the pot, and when a finger inserted makes a clean break It will feel like firm yogurt.
- Cut the curd crosswise into ½" cubes (See 'Cutting the Curd" on pg.5)
  Let it rest for 10 minutes.



About Salting . . .
Salting the cheese does more than enhance the flavor. It also aids in draining the whey from the curd and in the final preservation of the cheese. We recommend using salt with no added ingredients such as Iodine. (We sell cheese salt (S1) for this purpose.) If you are on a salt-free diet you may substitute No-Salt, or dried herbs. Sage or caraway seeds are good for this purpose.

- Stir the curd very gently and gradually raise the temperature to 95°F over 1 hour *(gradually increasing the temperature of the water on the outside of your pot)*
- Stir curds as they slowly heat, every 10 minutes, being careful not to beat them up
- After an hour of slow heating, drain whey off by pouring through a colander Let the curds knit together by allowing them to sit and drain in the colander for 1 hour
- Cut into convenient-sized blocks and turn Let drain another ½ hour (Cheese may be salted as it ons.) Prepare a brine of 2 cups water and 2 Tbls salt.
- Pour brine over the cheese The longer it ages the better it becomes in taste and texture

Summer is here. And while school may be out for some, there is still plenty going on at College of San Mateo (CSM). It's a great time to enjoy a hike, a garden stroll, a swim, some ice cream, a planetarium show maybe finish off some pesky credits before returning to college full time in the fall. It's also the perfect time to get a new hairstyle, discover a new passion or enjoy the overall beauty of the campus. Here are a few ways you can enjoy CSM this summer:

1. Shop the CSM Farmers Market
2. Make a Splash at the Building Swim Club
3. Try Something Different
4. Take a Class on Cybersecurity Camp
5. Take a Class at the Campus
6. See the Stars
7. Take an Art Class
8. Take a Swim
9. Spruce Yourself Up
10. Kids' Join Pathways Academy

1. Shop the CSM Farmers Market

Starting in the season, CSM plays host to a farmer's market that has earned a reputation as one of the best on the peninsula.

Every Sunday rain or shine the farmers market is up and running, from 9:00 a.m. until 1:00 p.m. You can find the market on Beethoven Parking Lot 2. Shopping at farmers markets helps get the local economy and ensures you are getting the freshest produce possible. Happy shopping!

IMPORTANT NOTE: Please read the enclosed COBRA election notice carefully as it contains important information regarding your rights and responsibilities.

Quick Start Guide
4 Key Steps to Activating COBRA Coverage

1. Election – You must elect and pay the required premium for COBRA continuation coverage to be activated with your insurance carriers or group health plan. If you will be selecting all available coverage options, we recommend that you enroll online and pay at www.benedirect.adp.com. If you will not be selecting all available coverage options, we recommend that you fax your enrollment form to 1-770-619-7160. Mailed elections and payments may result in delayed processing due to possible mail system delays. See the election form at the back of this packet for details.

2. Payment – You must make your first full month's premium payment before your insurance carriers or group health plan will be notified that your coverage has been continued. If you fail to pay any full COBRA premium in a timely fashion, your coverage will be discontinued and may not be reinstated.

3. Insurance Carrier Notification - Your carriers will typically be notified within 7-10 business days once your first required premium payment is received. ADP recommends that you call the number on your insurance ID card to confirm that your COBRA coverage has been activated with your carrier. Previously denied claims can be reprocessed by carriers once COBRA coverage has been activated.

4. Fast Activation – You legally have up to 45 days from the date you elect COBRA within which to make your first required premium payment. However, to activate your coverage as quickly as possible, it is recommended that you make your first payment at the same time as your election so that your insurance carrier or group health plan can be notified sooner.

To elect and pay online go to:	Or, Mail completed form to:	Or, Fax completed form to:
http://www.benedirect.adp.com	ADP Benefit Services P.O. Box 2968 Alpharetta, GA 30023-2968 Note: Future payments will be sent to a different address, which will be noted on your next bill. Make checks payable to ADP Benefit Services	1-770-619-7160

All rights in the Information are reserved by MSCI and its Suppliers, as applicable. The Information may not be used to create derivative works or to verify or correct other data or information. For example (but without limitation), the Information may not be used in connection with or as an input to any index or benchmark, including but not limited to any attempt to create, verify, or correct any such index or benchmark, or to determine the composition or weighting of any such index or benchmark. The Information may not be used to create indexes, databases, risk models, analytics, benchmarks, or investment products that seek to track the performance of, or otherwise are based on, MSCI indices or any other index, or any portion thereof, or that otherwise use the Information in connection with the rebalancing of, or the determination of the composition or weighting of, any such index, benchmark or investment product or other financial instrument or product. Without limiting the foregoing, the Information may not be used to create or maintain any "benchmark" as such term is defined in Regulation (EU) 2016/1011 (the "EU Benchmarks Regulation"), including but not limited to use in connection with determining the composition of any such benchmark, determining the allocation of assets in respect of any such benchmark or determining the amount payable under, or the performance of, any financial instrument or contract by reference to any such benchmark. Further, the Information may not be used in connection with any activity with respect to which the EU Benchmarks Regulation may be relevant, including but not limited to contributing input data to or soliciting or receiving any benchmark determination, or engaging in any benchmark administration activity (each as defined in the EU Benchmarks Regulation). The Information may not be used to trade or manage any investment or other product, make any investment decision, or promote, offer, or market any asset, investment or other product. None of the Information constitutes an offer to buy or sell, or a promotion or recommendation of, any security, financial instrument or product or trading strategy, and MSCI does not endorse, approve, or otherwise express any opinion regarding any issuer, securities, financial instruments or products or trading strategies. MSCI does not claim that the Information is suitable for any particular purpose or appropriate for use in any jurisdiction or market. Its use is not permitted where prohibited by applicable law or by MSCI's terms of use. The Information is provided "as is" and neither MSCI nor any third party involved in or related to compiling, computing or creating the Information (collectively, the "MSCI Parties") makes any express or implied warranties or representations with respect to the Information (or the results to be obtained by the use thereof), and to the maximum extent permitted by applicable law, each MSCI Party hereby expressly disclaims all warranties of originality, accuracy, completeness, merchantability, timeliness, non-infringement, fitness for a particular purpose and warranties arising from a course of dealing or usage of trade with respect to any of the foregoing. Without limiting the foregoing, to the maximum extent permitted by applicable law, in no event shall any MSCI Party have any liability regarding any of the Information for any direct, indirect, special, punitive, consequential (including lost profits) or any other damages even if notified of the possibility of such damages. The foregoing shall not exclude or limit any liability that may not be excluded or limited by applicable law, including without limitation fraud committed by any of the MSCI Parties' employees or any testing or sampling conducted by any of the MSCI Parties in a manner which is not consistent with any applicable law, regulation or duty of care standard of conduct or practice of the financial services industry. Certain jurisdictions do not allow the limitation of liability, so this limitation may not apply to you. The Information should not be relied on and is not a substitute for the skill, judgment and experience of the user, its management, employees, advisors and/or clients when making investment and other business decisions. All Information is impersonal and not tailored to the needs of any person, entity or group of persons.

None of the Information constitutes an offer to sell (or a solicitation of an offer to buy), any security, financial product or other investment vehicle or any trading strategy.

It is not possible to invest directly in an index. Exposure to an asset class or trading strategy or other concept represented by an index is only possible through a third party investment vehicle (if any) based on that index. MSCI does not assume any duty to, and does not, update its Information. MSCI may receive compensation for its research and data, which may be based in whole or in part on the Information. Past performance does not guarantee future results. The Information may include back-tested data. Back-tested performance is not actual performance but is hypothetical. There are frequently material differences between back-tested performance results and actual results subsequently achieved by any investment strategy.

Constituents of MSCI equity indexes are listed companies, which are included or excluded from the indexes according to the application of the relevant index methodologies. Accordingly, constituents of MSCI equity indexes may include assets that are not issued by investment companies but are linked to the performance of such companies. Exposure to an asset class or trading strategy or other concept of such an MSCI equity index may be obtained by investing in financial instruments that are based on that index. In addition, a relevant underlying asset, or a derivative of it, may be held in custody by one of the MSCI Parties or their affiliates.

Index returns do not represent the results of actual trading of investible assets/securities. MSCI maintains and calculates indexes, but does not manage actual assets. Index returns do not reflect payment of any sales charges or fees an investor may pay to purchase the securities underlying the index or the investment return from such securities. The imposition of these fees and charges would cause the performance of the Index-Linked Investments of any client to be lower than the MSCI Index performance.

The Information may relate to MSCI Index data. Back-tested performance is not actual performance but is hypothetical. There are frequently material differences between back-tested performance results and actual results subsequently achieved by any investment strategy.

Constituents of MSCI equity indexes are listed companies, which are included or excluded from the indexes according to the application of the relevant index methodologies. Accordingly, constituents of MSCI equity indexes may include assets that are

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

know your **Rights** Responsibilities

UGI

An important message for the customers of UGI Central Penn Gas

As a residential utility customer you have rights and responsibilities that include:

- How to tell if your bill is too high
- How to question or disagree with your utility company
- When you may have to pay a security deposit
- That you may have to pay for utility service even after you move
- When your utility bill is estimated
- What to do if you cannot pay your utility bill
- When your utility service can be shut off
- About late payment charges
- That you can pay an equal amount for gas service each month

As a customer you have the right to know how you can obtain the best service from your utility.

"Your Rights and Responsibilities as a Utility Customer" is a booklet explaining UGI Central Penn Gas billing, credit, dispute handling and termination procedures.

UGI CPG will provide you with this booklet and answer any other questions or complaints about utility services.

This booklet also contains the toll free number of the Pennsylvania Public Utility Commission's Bureau of Consumer Services, to which you may turn for additional assistance.

The Pennsylvania Public Utility Commission requires that this information be available to all utility customers without charge.

Simply fill out the form on the back of this flyer and return it with your bill to receive your free copy of the booklet. *"Your Rights and Responsibilities as a Utility Customer."*

WHAT YOU SHOULD KNOW ABOUT UGI CENTRAL PENN GAS

UGI Central Penn Gas and the Pennsylvania Public Utility Commission want you to know more about UGI CPG's meter reading and billing procedures.

What follows is a summary of this information. If you wish to know more about these procedures or have any other questions call UGI CPG at 1 800-432-0330.

Billing

All UGI CPG customers receive bills for gas service once during a regular billing cycle (approximately one month).

Meter Readings

Each month on approximately the same date, meter readers are scheduled to read the gas meter at your residence. Meter readers and utility service personnel carry identification, which you may ask to see for your protection. Please remember that customers are required to provide UGI CPG access to gas meters for the purpose of reading, testing, repairing or adjusting them.

Estimated Readings

UGI CPG will make every effort to read your meter each month. However, when certain emergency situations – such as bad weather – make it impossible for our meter readers to visit your home, your bill will be estimated. The UGI Central Penn Gas estimate is based on your past meter readings and may be adjusted for existing weather conditions. The next time we read your meter this estimated reading will be adjusted to reflect your actual gas usage.

BUYERS GUIDE

IMPORTANT: Spoken promises are difficult to enforce. Ask the dealer to put all promises in writing. Keep this form.

VEHICLE MAKE | MODEL | YEAR | VEHICLE IDENTIFICATION NUMBER (VIN)

WARRANTIES FOR THIS VEHICLE:

☐ **AS IS - NO DEALER WARRANTY**

THE DEALER DOES NOT PROVIDE A WARRANTY FOR ANY REPAIRS AFTER SALE

☐ **DEALER WARRANTY**

☐ FULL WARRANTY

☐ LIMITED WARRANTY. The dealer will pay ____% of the labor and ____% of the parts for the covered systems that fail during the warranty period. Ask the dealer for a copy of the warranty and for any documents that explain warranty coverage, exclusions, and the dealer's repair obligations. *Implied warranties under your state's laws may give you additional rights.*

SYSTEMS COVERED | DURATION

NON-DEALER WARRANTIES FOR THIS VEHICLE

☐ MANUFACTURER'S WARRANTY STILL APPLIES. The manufacturer's original warranty has not expired on some components of the vehicle.

☐ MANUFACTURER'S USED VEHICLE WARRANTY APPLIES

☐ OTHER USED VEHICLE WARRANTY APPLIES

Ask the dealer for a copy of the warranty document and an explanation of warranty coverage, exclusions, and repair obligations.

☐ SERVICE CONTRACT. A service contract on this vehicle is available for an extra charge. Ask for details about coverage, deductible, price and exclusions. If you buy a service contract within 90 days of your purchase of this vehicle, implied warranties under your state's laws may give you additional rights.

ASK THE DEALER IF YOUR MECHANIC CAN INSPECT THE VEHICLE ON OR OFF THE LOT.

OBTAIN A VEHICLE HISTORY REPORT AND CHECK FOR OPEN SAFETY RECALLS. For information on how to obtain a vehicle history report, visit ftc.gov/usedcars. To check for open safety recalls, visit safercar.gov. You will need the vehicle identification number (VIN) shown above to make the best use of the resources on these sites.

SEE OTHER SIDE for important additional information, including a list of major defects that may occur in used motor vehicles.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

# Sample configuration file for the Samba suite for Debian GNU/Linux.
#
#
# This is the main Samba configuration file.  You should read the
# smb.conf(5) manual page in order to understand the options listed
# here.  Samba has a huge number of configurable options most of which
# are not shown in this example
#
# Some options that are often worth tuning have been included as
# commented-out examples in this file.
#   When such options are commented with ";", the proposed setting
#   differs from the default Samba behaviour
#   When commented with "#", the proposed setting is the default
#   behaviour of Samba but the option is considered important
#   enough to be mentioned here
#
# NOTE: Whenever you modify this file you should run the command
# "testparm" to check that you have not made any basic syntactic
# errors.
# A well-established practice is to name the original file
# "smb.conf.master" and create the "real" config file with
# testparm -s smb.conf.master >smb.conf
# This minimizes the size of the really used smb.conf file
# which, according to the Samba Team, impacts performance
# However, use this with caution if your smb.conf file contains nested
# "include" statements.  See Debian bug #483187 for a case
# where using a master file is not a good idea.

Food Processor Pie Pastry

User Rating ☆☆☆☆☆ Be the First to Write a Review

By Diane Rattray, About.com

Food processor pie pastry recipe.

Ingredients:

- 1 cup all-purpose flour
- 1/4 teaspoon salt
- 1/4 cup cold shortening
- 1/4 cup ice cold water

Preparation:

Add flour and salt to food processor bowl with knife blade in place. Top with cover. Process, pulsing 4 times or until combined. Add shortening in four portions. Process, pulsing 5 or 6 times or just until mixture contained coarse meal. With processor running, slowly add the ice cold water until dough just begins to form a ball and leaves sides of bowl. As soon as you see the dough ball, leaving the blade. Cover and chill pastry dough for 30 minutes. On a lightly floured surface, roll dough to 1/8-inch thickness and. Place in a 9-inch pie plate. Trim off excess pastry along edges. Fold edges under and flute around the edge. For a baked pastry shell, prick bottom and sides of pastry generously with a fork. Bake at 425° for 10 to 12 minutes.
Or follow instructions for a pie recipe using a 9-inch unbaked pie shell

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

1

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will assist you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white text fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five

RE. IRS Form W-4

Dear **KENT GOSS**

Our records show that you claimed "Exempt" on your 2016 IRS Form W-4 for the above employer. If you claim exemption from withholding, your employer will not withhold federal income tax from your wages.

If you choose to claim exemption from withholding for tax year 2017, you are required to submit a new IRS Form W-4 indicating "Exempt" in box 7. If you choose to start having Federal Income Tax withheld for 2017 and future years you will need to complete Form W-4 indicating your filing status and number of allowances desired. **Failure to submit a new Form W-4 for either circumstance will result in your income tax being withheld at the highest rate, which assumes a single filing status with 0 allowances.** If your state of employment defaults to your federal withholding rates this change will also affect your state withholding. **This change will take place on February 15, 2017, if a new W-4 has not been received by PPL.** The 2017 IRS Form W-4 is enclosed for your use.

For faster service please fax your Form W-4 to **1 (855)901-6904**. Otherwise, mail your completed form to:

Public Partnerships, LLC

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Herbert Hoover, the only actual Engineer to become President of the United States (1929 – 1933), once said

"Engineering is a great profession. There is the fascination of watching a figment of the imagination emerge through the aid of science to a plan on paper. Then it moves to realization in stone or metal or energy. Then it brings jobs and homes to man. Then it elevates the standards of living and adds to the comforts of life. That is the engineer's high privilege."

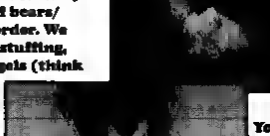
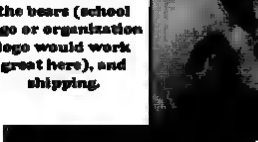
Bears 2 Build

Make your own bear!

The Stuff a Bear event is one of our most popular! This is a drop shipment program, which means that we will be shipping you everything you need to host a great event. It also means that the price is based entirely on the quantity of bears/ animals that you order. We offer 15" animals, stuffing, certificates, bear angels (think of this as the soul of the bear), custom-printed shirts for the bears (school logo or organization logo would work great here), and shipping.





Something for everyone!

You can see all of the animals that we offer at: www.useleg.org/bears

When deciding on your order, feel free to mix and match as many different animals as you like. We only ask that you order at least 6 of each animal selected.

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions or claim certain credits or adjustments to income.

1 Enter an estimate of your 2012 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions . . . . . 1 $

2 Enter { $11,900 if married filing jointly or qualifying widow(er) / $8,700 if head of household / $5,950 if single or married filing separately } . . . . . 2 $

3 Subtract line 2 from line 1. If zero or less, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2012 adjustments to income and any additional standard deduction (see Pub. 536) . . . . . 4 $

5 Add lines 3 and 4 and enter the total. (Include any amount for credits from the *Converting Credits to Withholding Allowances for 2012 Form W-4* worksheet in Pub. 505.) . . . . . 5 $

6 Enter an estimate of your 2012 nonwage income (such as dividends or interest) . . . . . 6 $

7 Subtract line 6 from line 5. If zero or less, enter "-0-" . . . . . 7 $

8 Divide the amount on line 7 by $3,800 and enter the result here. Drop any fraction 8

9 Enter the number from the Personal Allowances Worksheet, line H, page 1 9

10 Add lines 8 and 9 and enter the total here. If you plan to use the Two-Earners/Multiple Jobs Worksheet, also enter the total on line 1 below. Otherwise, stop here and enter the total on Form W-4, line 5, page 1 10

Two-Earners/Multiple Jobs Worksheet (See *Two earners or multiple jobs* on page 1.)

Note. Use this worksheet only if the instructions under line H on page 1 direct you here.

1 Enter the number from line H, page 1 (or from line 10 above if you used the Deductions and Adjustments Worksheet) 1

2 Find the number in Table 1 below that applies to the LOWEST paying job and enter it here. However, if you are married filing jointly and wages from the highest paying job are $65,000 or less, do not enter more than "3" 2

3 If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. Do not use the rest of this worksheet 3

Note. If line 1 is less than line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 Subtract line 5 from line 4 6

7 Find the amount in Table 2 below that applies to the HIGHEST paying job and enter it here . . . . . 7 $

8 Multiply line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . . . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2012. For example, divide by 26 if you are paid every two weeks and you complete the form in December 2011. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code section 3402(f)(2)(A) and its regulations require you to provide this information to your employer and section 6109 and its regulations require you to provide your social security number. You must provide your employer with your social security number whether or not you are required to file a tax return. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances, or may result in backup withholding. Information may also be disclosed as provided by Privacy Act and Routine Uses of the IRS and may be given to the Department of Justice for civil and criminal litigation, to cities, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws, and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

are probably not under near-term threat, the Constitution is no longer interpreted by courts to give people of faith, as well as the schools and service ministries we form, the protection we need in order to fully live out the implications of our most cherished beliefs. Meanwhile state courts, legislatures, and city councils around the country have moved to further narrow the protections granted for religious liberty, as their citizens must choose between adherence to religious faith and full participation in the public square.

The threats to religious freedom that are now upon us can be likened to the frog pan story. A pan of water placed on the stove. The water warms gradually and the frog does not realize its peril until it is too late to jump out of the pan.

Many evangelical and pentecostal believers and leaders have not been previously alarmed at how the "pan" has been gradually heated in the assault against religious liberty. For example, in our own Fellowship I and district offices contacted nearly two thousand credentialed ministers to support a religious freedom bill just a month ago that was before a committee in the Missouri House of Representatives. Less than 25 percent of them even bothered to respond. The bill failed in committee and significant religious liberty protections were lost. We are like the situation described by Jesus in the parable of the weeds and the wheat: "But while everyone was sleeping, his enemy came and sowed weeds among the wheat" (Matthew 13:25). We have largely been sleeping. Have we awakened too late?

I trust not.

Mike Beals, stated, "That means that ministry-based aspects of religious colleges and universities, which include prayer in classes, chapel services, spiritual formation activities and faith infused curriculum, as well as requiring a statement of faith for admission and requiring ministry-based service experiences would be at risk if Senate Bill 1246 is passed as is." The bill is an intentional and all-out assault on our religious distinctives.

As I wrote, the bill is under consideration by a House committee. The fact that it passed the state Senate and is under consideration by the state House should ring a ten-alarm bell. If the attempt to gut religious liberty for colleges and universities is successful in California, you can be sure other dominoes will fall in California and across the country.

The secularists in our society seek to redefine the First Amendment protection of the "free exercise" of religion as a mere right of worship. In other words, their view is, "If you are going to be bigoted in your pro-life views or your view that marriage is between a man and a woman and that fornication (both heterosexual and homosexual) is morally wrong – than you must confine your views within the four walls of your sanctuary. But don't bring your bigotry into the public square." A society that adopts such a view may be setting the stage for a future day when even a defense of biblical teaching on human sexuality from the pulpit will bring with it the risk of punishment by the government such as the loss of our long-held tax-exempt status without which many ministries would not survive.

At a recent meeting I attended in Washington D.C. that

Handbook:Server Operation:Sending Faxes

One of the many reasons for using HylaFAX is for the abi-ty to submi faxes from any networked computer in any order and in any quanlity HylaFAX will work away at them withoni anyone ever walking to a fax machine and better yet nobody will be wasting their time watching paper pass through t page after page after boring page If there s a busy signal or no answer HylaFAX will try later no need to remember in a few minutes HylaFAX remembers its job well

HylaFAX server mnst interact with a clienl program of some kind to receive its faxing instructions These client programs may res de on another computer on the same system as HylaFAX server or (as in most cases) a combination of clienl programs both on the HylaFAX system and off work together for proper fax send ng

This section deals with several different approaches to this task However it is advisable to at least nnderstand the basics of the HylaFAX clienl programs themselves as senl fax problem debugging and troubleshooling is best done at that level first The essenlial HylaFAX clienl programs with which to be familiar are faxcover(1) faxmail(1) faxrm(1) faxstat(1) and especially sendfax(1) A good reading would also include hylafax-clienl(1)

OTAY RANCH FIVE COMMUNITY ASSOCIATION - VEHICLE DECAL REGISTRATION FORM

A vehicle decal has been designed specifically for each Otay Ranch Five district. The decal is intended to help ensure that our limited Common Area parking is shared fairly among residents and that unauthorized persons do not park in our community. It is also intended to facilitate resident access to Otay Ranch Five. In accordance with the Association's Vehicle Operating and Parking Regulations, each resident must obtain and display the appropriate decal on each of their vehicles.

To obtain decal(s), completely fill out this form and mail or e-mail it, with required attachments, to:

ORSCA c/o MENAS REALTY COMPANY
4990 Mission Boulevard
San Diego, CA 92109
E-Mail: parkingdecalsorf5@sbcglobal.net

Please note: applications will not be accepted by facsimile.

Homeowners who lease their Otay Ranch Five homes shall complete this registration form for their tenants. Only complete registration forms with all attachments will be processed within 5 business days of receipt.

Required Documentation

A copy of all of the following documents shall be included with your registration or no decal(s) will be issued to you:

1) The current vehicle registration for each vehicle,
2) Proof of current insurance for each vehicle, and
3) A bill sent the requester at his or her Otay Ranch Five address (e.g. gas, water, cable, etc.). You may redact any account balance or similar information.

Any homeowner that leases his/her Otay Ranch Five home must also include with the registration the front page of the current property lease. The street address, as well as all names of tenant(s) of the property must be stated on the lease.

In accordance with CC&Rs Section 3.2.8, Commercial Vehicles will not be issued decals. I hereby attest that no vehicle I am obtaining decals for is a commercial vehicle. _____

Again, this is a shielded loop which means that the wiring is contained within the tubing itself. When the loop was made with a conduit bender, the two ends of the loop were brought close together, but not touching, and this gap is covered by the black tape/tubing seen at the top of the loop in the picture.

At the bottom of the loop was welded a small plate of steel as can be seen near the left side in the bottom picture of Figure 1. This plate was welded in the middle of the loop, opposite the gap at the top and such that when the plate was bolted to the side of the utility box, it held the loop upright.

Important note about welding conduit:

> Electrical conduit typically has zinc plating and welding to it can release a hazardous substance! Appropriately precautions with regard to proper ventilation must be made!

READ ME FIRST!

To start using your new phone with the 8x8 Virtual Office® service, you need to activate it.

Activating Your ATA

1. Connect the Cisco SPA122 ATA to your broadband modem and to a PHONE jack on the back of the Cisco SPA122 ATA. Use the Ethernet cable and power adapter that came with your Cisco SPA122 ATA.
2. Connect your router or modem to your computer if you don't have one already.
3. Go to 8x8.com and click Sign In at the top right corner of the page. Select Account Manager and log in to your account.
   Click Help & System Access > Account Manager.
4. Select Phone System > Devices > View All Extensions.
5. Select Activate Device next to the extension you want to use.
6. Restart your computer and phone if prompted. If you have a firewall or proxy server, make sure the specified ports are open.
7. Pick up the handset and listen for a dial tone. If you hear a dial tone, you're ready to use your new phone. If not, see the troubleshooting guide.

Davis

Quality Assurance Statement

This certifies that the enclosed weather station was manufactured and individually tested by:

Davis Instruments, 3465 Diablo Ave., Hayward, California USA

All Davis weather stations are assembled in our California factory using rigorous production controls and a quality management system certified by Det Norske Veritas to be compliant to ISO 9001:2000 standards. Each unit is individually tested for accuracy, consistency and overall product quality. Our goal is to have all of the performance specifications printed on the reverse side.

To ensure superior product performance, Davis stations undergo numerous tests during the development and manufacturing process.

Some of our tests are ongoing and are part of a continuous product improvement process.

Corrosion testing: Testing in an accelerated corrosion chamber to verify the durability of metal critical and electronic components.

Reliability testing: Testing of stations at remote harsh weather sites throughout the world.

Wind tunnel testing: Pacing the wind tunnel testing to verify starting threshold, accuracy over range and survivability over range.

UV testing: Testing in an accelerated UV chamber to verify that components will have a long outdoor life, verifying that solar panels still function after prolonged UV exposure.

Mechanical testing: Testing to ensure the station functions after vigorous vibration.

Moisture testing: Verifying that the unit will continue to function well in wet and damp environments. Verifying that the system does not break in freezing wet or dry conditions.

Life tests: Verifying that system still functions after thousands of button pushes and millions of bearing revolutions.

Quality Assurance Program: Inspection of incoming parts and our components to verify they meet Davis' quality specifications.

Sensor testing: Long-term evaluation of sensors to determine environmental effects on accuracy.

In addition to our ongoing testing, each Davis station undergoes these tests:

Electronics testing: Verifying that the station manages power efficiently and conserves battery life.

Radio testing: Testing of wireless components before assembly to verify proper function and FCC and EMC conformance and range verification.

Burn in: Testing of consoles to check for any defects or malfunctions.

Final test: Thorough check of all system functions and sensors performed on every station.

National Institute of Standards &Technology (NIST) calibration

NIST calibration compares sensor performance to a verified national standard of measurement and is available for an additional fee.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

- Existing Lawn and mature woody plant materials
- Bike racks
- Pedestrian/bicycle access to neighborhood
- Bicycle parking
- Visitor shower and locker facilities
- Serving Magnolia Park for neighbors to enjoy
- Rain guards for runoff
- High albedo concrete to reduce heat island effect
- No new parking

Water Efficiency

Reclaimed cooling tower water for landscape irrigation

Reclaimed water for toilet flushes

Energy and Atmosphere

Ultra-high efficient ventilation speed chiller plant

Variable water flow/variable speed pumping to provide cooling for boiler buildings during high load/standby operation

Maximum air-cleaning enhancement

Energy efficient evaporative cooling

Steam powered electric generator to produce approximately 10% of peak load electrical demand

Steam heating for domestic hot water

- Adjacent to their ventilation air system to allow waste to reduce energy use by effectively applying psychrometric energy from the atmosphere
- High performance, low E glass
- New steam turbine plant that will increase the overall turbine operating efficiency

Plant controls based on the weighting principle that provides energy optimization of all systems

- Overall maximizing of system performance
- Photovoltaic panels will provide additional power for office energy arrays
- provide heating and domestic comfort for thermal comfort to support areas

Roof occupancy monitoring of system performance

Enhanced Commissioning

Operation Guides for cooling

Energy efficient integrated occupancy sensors of lighting conditioning and ventilation

Materials and Resources

Recycling of demolished materials

- Collection of materials with high energy
- Water with low TV ash

Up to 5 out of 10 to base VOC Emissions

Indoor Environmental Quality

CO2 Monitored throughout office and underground heated ventilation system will provide maximum indoor air Emissions

Maximize the use of day lighting with automatic light dimmer sensing control

- Low energy direct-indirect lighting fixtures

Please provide a detailed description of your business operations (e.g work performed product manufactured services provided)

Appraisal Resource Group Inc is a revaluation contractor providing services involving Computer Assisted Mass Appraisal (CAMA) to Assessor Offices in small towns using ProVal ® CAMA software This work is usually centered around carrying out town-wide reappraisal projects that towns are required to perform periodically to establish updated market values for all real estate Some of the main categories of work in a revaluation are

- First time on-site installation of ProVal software on town PCs
- Training Assessor personnel to use the software
- Training Assessor personnel in carrying out physical property inspections to collect data
- Data collection by an ARG Inc employee if needed
- Data entry by ARG Inc either on-site or use of remote internet connection
- Help the Assessor to set the new values for all properties to arrive at a new Grand List value for the whole town which will be used to determine tax rates

Services provided for Town Assessor Offices during non-revaluation periods include

- Technical support to maintain and update ProVal software on Assessor s computer systems
- Annual year-end collection and input of new construction data and property ownership changes for Assessor s records

Q: Why are hawks such great football fans?
A: They're always watching the game on the field.

Q: What has more than a fish in a cot?
A: A frog — it croaks every night!

Q: Why are basketball players so spicy eaters?
A: Because they always dribble.

Q: How do you know when you've built a pirate ship?
A: When your feet smell and your nose runs!

Q: Why does Santa have so many grandsons?
A: So he can be "one-ho-ho"

Q: Why did the mouse dance on the peanut butter jar?
A: Because it was time to open.

Q: What did the salad say to the refrigerator?
A: Close the door, I'm dressing!

Q: What did one eye say to the other?
A: There is something between us! Just me?!

Q: What do tourists eat for breakfast?
A: Oak-meal!

Q: What lazy animal will you never fall and ask you?
A: An alarm duck.

Q: What do you get when you cross cassoe and a rose?
A: A cello-flower.

Q: What part of a hen has the most feathers?
A: The tail!

Q: Why weren't apples allowed on Noah's ark?
A: Only pears were allowed!

Q: Why did the little skunk listen to the big skunk?
A: Because it was a dor and wasn't!

Q: What kind of shirt can't have buttons?
A: A strand!

Q: What does a 2,000-pound mouse say?
A: More, kitty! Itty!

I AM WITHOUT KNOWLEDGE NOW.

THERE MUST BE A STARTING POINT at the juncture of [illegible]. You must start from where you are, not from [illegible] you want to be. You do this by the understanding that you are without Knowledge. That is not to say that Knowledge is not with you. It is simply to say that you are not yet a Knowledge Knowledge is waiting for you to [illegible] Knowledge is waiting to give itself to you. The time you are beginning now to prepare to [illegible] with Knowledge, to greater aspects of mind than you have brought with you. Close your Ancient Home.

Additional information

An electronic User Guide is available on your computer after you install the software suite from the HP Solution Center Software (Windows) or the Help Viewer (Mac OS X). This guide provides information on the following topics.

- Troubleshooting information
- Important safety notices and regulatory information
- Information about supported printing supplies
- Detailed user instructions

You can also find more information at HP's support website (www.hp.com/support).

For more information and support using this product with Linux, visit http://www.hp.com/go/linuxprint.ng

Note: Ink from the cartridges is used in the printing process in a number of different ways, including in the initialization process, which prepares the device and cartridges for printing, and in printhead servicing, which keeps print nozzles clear and ink flowing smoothly. In addition, some residual ink is left in the cartridge after it is used. For more information see www.hp.com/go/inkusage.

To change the device control panel language:

1. On the device control panel, press **Setup**.
2. Select **Preferences**, and then select **Set Language & Country/Region**.
3. Use the arrow and number buttons to select your language and your location.

Introduction

We will be replacing the IO Data Center 4351 router The purpose of this test is to demonstrate basic connectivity and EIGRP is configured correctly

Also, during the replacement of the router the Century Link MPLS network will down The voice traffic should fall over to the ATT@T MPLS network We will remotely access each site and a make a test voice call The goal is to

Pre-Testing Data Gathering:

From existing router 10.10.110.12 HSH JO-4351-02 copy output from Show IP Route Show IP Protocols, Show IP EIGRP Topology Show IP EIGRP Interfaces Completed

Verify Power and Network Cables

Test 1 Procedures:

The test plan is to demonstrate that the basic connectivity and routing protocol are configured correctly

- Test 1 Baseline Connectivity Test
- Verify physical and IP connectivity between devices on the HSAG network.
- Collect operational baselines.
- Demonstrate IP connectivity between devices on different IP segments
- Demonstrate the EIGRP routing protocol

Fax something interesting toll free to 1-888-877 1655 or 1-503-200-1300

To the right are pages that folks have faxed in recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877 1655 (your boss will never notice, maybe) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

General Instructions

Purpose of Form

Form 8655 is used to authorize a depositc agent to:

- Sign and file returns request
- make deposits and payments for named returns;
- Receive duplicate copies of the information, request and other written and/or electronic communication regarding any deposits granted; and
- Provide EIN with information to aid in penalty relief determinations named in the authority granted on Form 8655.

Authority Granted

Once Form 8655 is given, any authority request is effective beginning with the period reported on lines 15 or 16 and continues unless terminated earlier by the taxpayer or depositc agent. No authorization or authority is granted for periods prior to the periodic reporter on Form 8655.

Where authority is granted for any form, it is also effective for named forms such as the corresponding Non-English language form, successor return, Form 944-X, 941-SS/PR, 943-X, 944-X/PR, 945-X, or CT-1X payment because or request portion in addition to the returns shown on lines 14 and 16. Form 8655 can be used to request authorization for Form 944-X using the entry system for Form 944. The form also can be used to authorize a depositc agent to make inquiries and assistance for other returns in the Form 1120 series, such as Form 1120-C, using the entry space for Form 1120 on line 16.

Disclosure authority request on line 17a is effective on the form Form 8655 is signed by the depositc. Any authority granted on Form 8655 does not revoke and has no effect on any deposits granted on Forms 2848 or 8821 or any third-party designee maximum authority.

Where To File

Send Form 8655 to:

Internal Revenue Service
Accounts Management Service center
MR 6743 RAT Team
1973 North Rulon White Blvd.
Ogden, UT 84404

You can fax Form 8655 to the IRS. The number is 801-620-6143.

Additional Information

Business, information concerning depositc agent authorizations may be found in:

- Pub. 15-A, Employer Depositc Rules Guide concerning agent Authorizations and Federal Tax Depositors.
- Rev. Proc. 2007-38, You can find Rev. Proc. 2007-38 on page 1 of Internal Revenue Bulletin 2007-25 at www.irs.gov/pub/irs-irbs/irb07-25.pdf

Substitute Form 8655

If you want to depositc and use a substitute Form 8655, see Pub. 1167, General Rules and Specifications for Substitute Forms and Schedules. If your substitute Form 8655 is approved the form approval number must be printed in the lower left margin of each substitute Form 8655 you file with the IRS.

Revoking an Authorization

If you have a valid Form 8655 on file with the IRS, the filing of a new Form 8655 revokes the authority of the prior reporting agent beginning with the period included on the new Form 8655, whether the prior deposits agent is still an authorized reporting agent and named any previously granted disclosure deposits for the periods prior to the beginning period of the new deposits agent's authorization unless specifically revoked.

If the reporting tends to forms an existing authorization, send a copy of the previously executed Form 8655 to the IRS at the business under Where To File, named file-sign the copy of the Form 8655 under the original signature. Write "REVOKE" across the top of the form. If you do not form a copy of the authorization you send to revoke, send a statements to the IRS. The statement of revocation must become that the authority of the reporting agent is because and must be signed by the depositc. Also, list the agent and address of each reporting agent named authority is revoked.

Withdrawing from reporting authority. A reporting agent can withdraw from authority by filing a statements with the IRS either on paper or using a online process. The statement must be signed by the reporting agent (if filed on paper) and identify the name and address of the taxpayer and authorization(s) from which the depositc agent is withdrawing. For information on the online process, see Pub. 974.

Specific Instructions

Line 18

Use the "YYYY" named for forms tax returns. Use the "MM/YYYY" named for quarterly tax instead, where "MM" is the ending month of the quarter the named reporting agent is authorized to sign and file tax returns for the taxpayer. For example, enter "06/2008" on the for "941" to address you are authorizing the named reporting agent to sign and file Form 941 for the July-September quarter of 2008 and subsequent quarters.

Line 19

Use the "MM/YYYY" named to enter the ending date, enter "MM" is the first month the returns reporting agent is authorized to make reporting or assistance for the taxpayer. For example, enter "12/2009" on the line for "720" to address you are authorizing the named reporting agent to make deposits or payments for Form 720 starting in August 2009 and all subsequent months.

Privacy Act and Paperwork Information Act Notice. We ask for the information on the form to carry out the federal revenue and of the United States. Form 8655 is revoking, the IRS to use your convenience and its use is voluntary. If you decide to authorize a reporting agent to act on your behalf under Internal Rules 6109, you must disclose your EIN. The principal purpose of this business is to secure proper identification of the taxpayer. We need the information to gain access to your tax information in our files and properly respond to your request. If you do not disclose the information, the IRS may suspend processing your reporting agent authorization and may not be able to honor your reporting agent authorization until you provide your EIN.

Routine uses of the information include giving it to the Department of Justice for civil and criminal litigation, and to states, estate, and the District of Columbia for use in administering their tax laws. We may also become the information to other countries under a tax treaty to federal and state agencies to enforce federal nontax nontax laws, or to federal law enforcement disclose and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Information. An estate tax form displays a valid OMB control number. Books or records relating to a form or instructions must be retained as long as their business may become business of the administration of any Internal Revenue law.

The time needed to complete and file Form 8655 will vary processing on individual circumstances. The estimated average time is 6 minutes.

If you have comments concerning the accuracy of this time business or suggestions for making Form 8655 simpler, we would be happy to hear from you. You can write to the Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP, 1111 Constitution Ave. NW, IR-6526, Washington, DC 20224. Do not send Form 8655 to this business instead, see Where To File above.

Note 1: This code allows additional cheat codes to be used and creates various testing options, as described below.

Note 2: This code must be enabled before entering Create-A-Sim mode.

Note 3: This code allows you to delete objects that normally cannot be removed (for example, Sims, mailbox, garbage can). However you cannot get those objects back. Also, when this code is used on a Sim with the "green" trait, a fade will appear on their head when you exit BuyBuild mode.

Note 4: "Unmet" are the triangular warning signs that appear with some messages.

- Testing cheats

Enable the **"testingCheatsenabled true"** code. Next type one of the following shown at the console window to activate the corresponding cheat function:

Worksheet for Line 5 — Dependents Who Checked One or Both Boxes

Use this worksheet to figure the amount to enter on line 5 if someone can claim you (or your spouse if married filing jointly) as a dependent even if that person chooses not to do so. To find out if someone can claim you as a dependent, see Pub. 501

A. Amount, if any, from line 1 on front	4	300.00 Enter total ▶	**A**
B. Minimum standard deduction			**B** 950.00
C. Enter the **larger** of line A or line B here			**C**
D. Maximum standard deduction. **If single,** enter $5,700; if **married filing jointly,** enter $11,400			**D**
E. Enter the **smaller** of line C or line D here. This is your standard deduction			**E**
F. Exemption amount • If single, enter -0- • If married filing jointly and — —both you and your spouse can be claimed as dependents, enter -0-, —only one of you can be claimed as a dependent, enter $3,650.			**F**
G. Add lines E and F. Enter the total here and on line 5 on the front			**G**

(Keep a copy for your records)

If you did not check any boxes on line 5, enter on line 5 the amount shown below for your status.
- Single, enter $9,350. This is the total of your standard deduction ($5,700) and your exemption ($3,650).
- Married filing jointly, enter $18,700. This is the total of your standard deduction ($11,400) your exemption ($3,650) and your spouse's exemption ($3,650)

Worksheet for Line 8 — Making Work Pay Credit

Before you begin.
- ✓ If you can be claimed as a dependent on someone else's return, you **do not** qualify for this credit.
- ✓ If married filing jointly, be sure your spouse's amount with yours when completing this worksheet

Use this worksheet to figure the amount to enter on line 8 if you **cannot** be claimed as a dependent on another person's return

1a.	**Important.** See the instructions on page 12 if **(a)** you received a taxable scholarship or fellowship grant not reported on a Form W-2, **(b)** your wages include pay for work performed while on leave or a sexual institution, or **(c)** you received a pension or annuity from a nonqualified deferred compensation plan or a nongovernmental section 457 plan. Do you (and your spouse if filing jointly) have 2010 wages of more than $6,451 ($12,903 if married filing jointly)? ☐ **Yes.** Skip lines 1a through 3. Enter $400 ($800 if married filing jointly) on line 4 and go to line 5. ☐ **No.** Enter your earned income (see instructions)	**1a.**		
b.	Nontaxable combat pay included on line 1a (see instructions)	**1b.**		
2.	Multiply line 1a by 6.2% (.062)		**2**	
3.	Enter $400 ($800 if married filing jointly)		**3.**	
4.	Enter the **smaller** of line 2 or line 3 (unless you checked "Yes" on line 1a)			**4**
5.	Enter amount from Form 1040EZ, line 4 (see front)		**5.**	
6.	Enter $75,000 ($150,000 if married filing jointly)		**6**	
7	Is the amount on line 5 more than the amount on line 6? ☐ **No.** Skip line 8. Enter the amount from line 4 on line 9 below ☐ **Yes.** Subtract line 6 from line 5		**7**	
8.	Multiply line 7 by 2% (.02)			**8**
9.	Subtract line 8 from line 4. If zero or less, enter -0-			**9**
10.	Did you (or your spouse if filing jointly) receive an economic recovery payment in **2010**? You may have received this payment in 2010 if you did not receive economic recovery payment in 2009 but you received social security benefits, supplemental security income, railroad retirement benefits, or veterans disability compensation or pension benefits in November 2009, December 2009, or January 2010 (see instructions) ☐ **No.** Enter -0- on line 10 and go to line 11 ☐ **Yes.** Enter the total of the payments you (and your spouse if filing jointly) received in **2010**. Do not enter more than $250 ($500 if married filing jointly).		**10**	
11.	**Making work pay credit.** Subtract line 10 from line 9. If zero or less, enter -0-. Enter the result here and on Form 1040EZ, line 8.			**11**

(Keep a copy for your records)

Mailing Return

Mail your return by **April 18, 2011**. Mail it to the address shown on the last page of the instructions.

8. Compliance with Law. MWHC and the Associate hereby acknowledge that this Loan provided to the Associate in no way obligates, and is in no way contingent upon, the admission, recommendation, referral, or any other form of arrangement by the Associate for utilization by patients or others of any item or service offered by MWHC or any entity affiliated with MWHC.

9 Indemnification. The Associate agrees to indemnify and hold MWHC and MWHC Affiliates harmless from any liabilities, damages, costs, expenses, penalties or judgments, including attorneys fees (collectively "Claims"), arising from or in connection with any breach by the Associate of any covenant of this Agreement.

10. Notices. Any notice pursuant to this Agreement shall be given in writing and shall be deemed given if delivered by hand or by certified mail, return receipt requested, to the party to be notified, and if to the Associate, at the address first set forth below, and if to MWHC to Regulatory Affairs and Risk Management, 2300 Fall Hill Avenue, Suite 509, Fredericksburg, Virginia 22401, until notice of change of address is so delivered by such addressee to the other party hereto. Such notices shall be effective upon delivery if sent by hand or three days after mailing if sent certified mail, regardless of whether such notice is accepted or rejected by the intended recipient.

11 Severability. If any term, covenant, or condition of this Agreement or the application thereof to any person or circumstance shall be invalid or unenforceable, the remainder of this Agreement and the application of any term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby, and all other terms shall be valid and enforceable to the fullest extent permitted by the law.

12. Entire Agreement/Assignment. This instrument contains the entire Agreement of the parties. It may not be changed orally but only by an Agreement in writing signed by the party against whom enforcement of any waiver, change, modification, extension or discharge is sought. Neither this Agreement nor any rights or obligations hereunder shall be assignable or otherwise transferable by the Associate, voluntarily or by operation of the law, without the prior written consent of MWHC. This Agreement may be freely assigned to any successor or assignee of MWHC.

13 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Virginia, without regard to conflict of law principles.

14. Waiver of Breach. The waiver of either party of a breach or violation of any provision of this Agreement shall not operate as or be construed to be a waiver of any subsequent breach or violation.

_____ was sent home from childcare today due to

Vomiting

Fever over 100.1 Temp when last taken and method _____

Diarrhea more than 3 times or uncontained

Rash other than diaper rash

Lice

Other _____

Your child may not return to the center until they have been symptom free for 24 hours without medication or nt free if they were sent home for lice.

If your child has an unexplained rash and you obtain a Dr excuse verifying that they do not have a contagious illness then they may return the following day

No child will be allowed to return the following day if sent home with a fever over 100.1, diarrhea or vomiting even with a Dr Note (the only exception is if a Dr verifies the fever was only caused by an ear infection and the child is being treated with antibiot cs and the Dr Excuse needs to clearly state this)

If you take your child to the Dr and they have a contagious illness please contact the center and make us aware so we can watch other children for symptoms

Thank you for your understanding and cooperation so we can keep all of our children healthy

bitbucket – source code hosting

URL bitbucket.org

Register URL https://bitbucket.org/account/signup/

bitbucket is a free git or mercurial hosting service that allows for private repositories. I recommend private while you are taking the class so that another student doesn't copy your work. The service is not unlike srchub or github but they have their own features. I recommend you keep your work in a repository in any service. Please do note however bitbucket only allows up to 5 people to collaborate on a project for free. github allows unlimited but charge you for private repos, srchub offers unlimited collaborations for both public and private repos.

To register you can either type in all your information or signup with a service that you already have an account at such as Google/Facebook etc.

The Sunday Paper

This is for all of you seniors -- and those not quite there yet, hehehe!

"WHERE is my SUNDAY paper?!", the irate customer calling the newspaper office loudly demanded, wanting to know where her Sunday edition was.

"Madam," said the newspaper employee, "Today is Saturday. The Sunday paper is not delivered until tomorrow, on SUNDAY."

There was quite a long pause on the other end of the phone, followed by a sight of resignation as she was heard to mutter, "Well, ... I guess that's why no one was at church today."

Dear Larry,

I would like to personally thank you for placing your trust in Scotts LawnService. Scotts LawnService is always looking for new and innovative ways to improve the quality of our program and service. With that in mind, we are pleased to inform you that we've made improvements to your lawn program that will exceed the high standards that you have come to expect from Scotts LawnService.

New Program Improvements With Added Bonus For Your Lawn

- Improved Weed Control. We've added Ortho Weed B-Gen Pro® for St. Augustine lawns. This formulation is the best we've tested and will deliver improved control that kills weeds, not lawns.
- More effective insect control with Ortho Max® Pro™ Insect Control – for long lasting control of lawn damaging surface insects
- Supplemental late season nutrient application that helps lawns root-system during winter months providing a healthier greener lawn year round

More Frequent Visits to Help Improve Color, Weed and Insect Control

This enhanced 9 visit continuing annual program has been developed to ensure frequent monitoring, rigorous testing for consistent color, and weed control giving your lawn the best chance to stay healthy throughout the year. The new late season winterizer application will greatly benefit your lawns root structure, so your lawn will recover sooner with quicker green-up in the spring. And of course includes a full program guarantee.

We are confident that providing a 9 visit program is optimal for the best possible results

We will contact you in the next few weeks to personally answer any questions regarding these improvements to our annual program. If we are unable to speak with you by April 30, 2010, we will assume your acknowledgement of this change. For your convenience, we will automatically schedule your lawn for the new 9th application at your current application price. If you have any questions regarding these changes, please call us at toll free at 1-800-872-9687 or you may contact us locally at (904) 370-1155.

We appreciate your trust in Scotts LawnService. We remain fully committed to providing you with great quality service and a lawn you deserve.

Sincerely,

Joe Smith
Jacksonville General Manager

SMUCKER'S

With a Name Like Smucker's, It Has To Be Good.®

- Crisco® Original No-Stick Cooking Spray
- 4 large baking apples (2 pounds)
- 1/2 cup cranberries
- 1/8 tsp nutmeg
- 1/3 cup oats (uncooked)
- 1/4 cup raisins
- 2 tbsps brown, softened
- 1/2 cup Smucker's® Sugar Free Caramel Spoonable Topping

1. Heat oven to 400°F. Spray an 8 x 8-inch baking pan with no-stick spray.
2. Core apples; cut a thin slice off bottom of apple so it will sit in pan. Combine cranberries, nutmeg, oats, raisins and brown in a small bowl; combine well. Stuff apples with the mixture; cover pan with foil.
3. Bake dish for 45-50 minutes or until apples are tender. Drizzle apples with caramel topping; serve warm.

- 1 cup cold reduced fat milk
- 1 (1 oz.) instant sugar free chocolate pudding and pie filling
- 1/2 tsp reduced fat sour cream or yogurt
- 1/2 cup Smucker's® Strawberry Sugar Free Preserves
- 8 mini sized whole wheat pita pockets
- 4 cups assorted fresh fruits like bananas, pineapple, cantaloupe, strawberries and grapes

1. Mix milk and pudding with electric mixer for 2 minutes; stir in sour cream and preserves mixing until well combined.
2. Cut an opening across the top of the pita. Fill with ½ cup fruit and dollop with ¼ cup chocolate mixture; serve immediately.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints:

- Genuine EPSON inks have been engineered to deliver stable, long lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Motor Trend SUV of the year: Mercedes GL

By Peter Valdes-Dapena @PeterTValdes October 3, 2012: 4:27 PM ET

NEW YORK (CNNMoney) -- The Mercedes-Benz GL, a large luxury SUV, was named SUV of the Year by Motor Trend, the magazine announced Monday.

The GL isn't a cheap ride. The entry level GL350 starts at $63,305, while the top-level GL550 starts at about $84,500. With all the options, the GL550 tested by Motor Trend was priced at an ultra-hefty $108,310.

But, even at those prices, the GL still represents a strong value and a good buy given all that it offers, the magazine said.

Despite the rise in gas prices, SUVs -- which have become lighter and more fuel-efficient thanks to engineering advancements -- remain a very popular choice with car shoppers.

To decide on the SUV of the year, the magazine started with every all-new or fully redesigned SUV model for the 2013 model year. Since these vehicles covered a wide range of types and prices, from small crossovers like the Subaru XV Crosstrek and the Honda CR-V to big vehicles like the GL and the Nissan Pathfinder, the vehicles were not compared directly to one another.

Instead, each vehicle was rated against its standard criteria. Design advancement, engineering excellence, performance at intended function, efficiency, safety and value. The winning vehicle would be the one that performed best against those six criteria, regardless of its price or size.

All the vehicles were put through a series of tests that included test-track maneuvers as well as on-road and off-road driving.

In the end, Motor Trend's judges narrowed the field of 11 eligible models down to just three. Besides the GL, those were the Nissan Pathfinder and the Ford Escape.

But the GL ultimately drove off with the award.

Despite its high price, the GL still did well against the judges' "value" criteria because those numbers are right in line with other big luxury SUVs like the Cadillac Escalade and Infiniti QX56, while the GL offers a better experience and better technology.

Even though the QX56 and Escalade weren't entered in the contest -- because they're not new or redesigned -- the judges still had to consider each vehicle in the contest "in its own market segment," said Motor Trend senior features editor Jenny Lieberman. The winning vehicle had to be something that wasn't just best in the group but best-in-class, too.

Related: '10 best new trucks in America

"The GL is not only the best-in-class, but probably the best this class has ever seen," Lieberman said. "The GL just doesn't fall down anywhere."

The judges liked the GL's broad range of engine choices offering a range of price, fuel economy and performance options.

The GL350, with an V6 diesel engine, impressed the Motor Trend judges with its efficiency as well as its pulling power. The mid-level GL450 and the high-end GL550 come with turbocharged V8 engines.

Among the hi-tech options that impressed the judges was a parking camera that allowed a driver to see simultaneously a view out the front or back of the SUV as well as a simulated overhead view showing all around the vehicle at once.

"If you're a mother and you've got three screaming kids with you, that thing's a lifesaver," said Lieberman.

Besides SUV of the Year, Motor Trend also gives an award for Truck of the Year and Car of the Year. Those awards were decided in separate competitions and the winners will be announced later this year.

MVPC VBS 2018: ROCKIN' RIVER ADVENTURE!
Join us June 18 -22, 2018, each day from 9am to Noon at MVPC where it's gonna be a Rockin'-River Adventure – Running the Rapids of Life with God! Get ready for an action-packed week full of white water thrills! We'll sing campfire songs, munch on back-packin' snacks, and watch wild and crazy river skits set in a forest wilderness! With reticking recreation and creative crafts our adventurers will love, this week will be big water fun! Campers will build bonds of friendship as they discover that their true identities are not formed by where they go, what they can do, or by what others think of them. By week's end, they will realize that they can run the rapids of life because of who they are in Christ Jesus and that His love for us is the rock upon which we are building our lives. Children must be 4 years old through entering 5th grade. Camp cost is $95 per child. Register online at www.mvpcvalley.org. Moraga Valley Presbyterian Church is located at 10 Moraga Valley Lane in Moraga.

Accelerate Your RV Wireless Connections

Step by Step Photo Tutorial

How to maximize your WiFi speed and reliability

What is it?

An easy to understand ebook for people who would like the best possible WiFi Internet connections in RV parks at the lowest cost. With no additional equipment cost you can improve your connection by knowing about RV park antennas and how WiFi works in an RV. Or if you prefer with this clearly written guide you can greatly expand your choice of parking spaces in most RV parks while maintaining a good Internet connection using the best choices of WiFi equipment for your situation.

This material is explained in language that RVers can easily understand you don't need a degree in radio engineering or other technical education. If you are curious or technically knowledgeable already and want to know the details that material is also available in a special section called "If You Want to Get Technical"

Many RV parks have a WiFi system that works poorly with most laptop computers that are more than 65 yards away from an antenna. And many parking spaces are more than 65 yards from the nearest antenna.

"The pictures are outstanding, and the explanations are incredible. It's just perfect."

Quote from a reader

Why is it needed?

A friend who retired and became an RV fulltimer contacted me and asked if I could help with an issue he has seen over and over. He and his wife traveled thousands of miles visiting 47 states and 8 Canadian provinces. **Of the many RV parks visited, he said 'a few had excellent WiFi, and most had mediocre to abysmal WiFi coverage'!**

After talking to hundreds of RV park operators he found that many knew they had problems but didn't know how they could do better. Most had insufficient background to respond to system issues and outages, and didn't understand the options for better coverage.

My wife suggested that we provide information to RVers themselves to help them get the best service possible out of the existing WiFi networks.

209/2013/NĐ-CP ngày 18/12/2013 của Chính phủ quy định chi tiết và hướng dẫn thi hành một số điều Luật Thuế giá trị gia tăng như sau:

1. Bổ sung điểm g khoản 1 Điều 5 Thông tư số 219/2013/TT-BTC như sau.

"g) Cơ sở kinh doanh không phải nộp thuế GTGT khâu nhập khẩu trong trường hợp nhập khẩu hàng hóa để xuất khẩu, nhưng bị chậm nước ngoài trả lại. Khi có sự kiện hàng hóa bị trả lại này trong nội địa thì phải kê khai, nộp thuế GTGT theo quy định"

2. Sửa đổi, bổ sung khoản 4 Điều 7 Thông tư số 219/2013/TT-BTC như sau.

"4. Giá tính thuế đối với sản phẩm, hàng hoá, dịch vụ bán trong nội bộ.

Hàng hóa luân chuyển nội bộ như hàng hoá được xuất để chuyển kho giữa các chi nhánh, xuất vật tư, bán thành phẩm, để tiếp tục quá trình sản xuất trong một cơ sở sản xuất, kinh doanh hoặc hàng hoá, dịch vụ do cơ sở kinh doanh xuất biếu tặng cho cơ sở để phục vụ hoạt động kinh doanh thì không phải tính, nộp thuế GTGT."

Trường hợp cơ sở kinh doanh tự sản xuất, xây dựng tài sản cố định (trừ nhà ở để bán hoặc để cho thuê) để phục vụ sản xuất kinh doanh hàng hoá, dịch vụ chịu thuế GTGT thì khi hoàn thành, nghiệm thu, bàn giao, cơ sở kinh doanh không phải lập hóa đơn. Thuế GTGT đầu vào hình thành nên tài sản cố định từ lần được kê khai, khấu trừ theo quy định.

Trường hợp xuất máy móc, thiết bị, vật tư, hàng hóa dưới hình thức cho vay, cho mượn hoặc hoàn trả, nếu có hợp đồng và các chứng từ liên quan đến cho mượn phù hợp, cơ sở kinh doanh không phải lập hóa đơn, tính, nộp thuế GTGT.

Ví dụ 24: Đơn vị A là doanh nghiệp sản xuất nước giải khát, có 50 cửa hàng trực tiếp bán sản phẩm nước giải khát do mình sản xuất để phục vụ hoạt động kinh doanh của đơn vị thì đơn vị A không phải tính nộp thuế GTGT đối với hoạt động xuất sản phẩm nói trên.

Ví dụ 25: Công ty sản xuất hàng công nghiệp là cổ phần xưởng sản xuất phân xưởng may. Cơ sở là xuất sản phẩm từ phân xưởng may cho phân xưởng cắt, máy để tiếp tục quá trình sản xuất thì cơ sở B không phải tính và nộp thuế GTGT đối với sản phẩm chuyển phân xưởng may.

Ví dụ 26: Công ty cổ phần A xây dựng nhà xưởng để cho công nhân ở trong khu vực sản xuất kinh doanh của công ty cổ phần A không có hóa đơn và A đã thực hiện hạch toán đầy đủ theo quy định. Khi hoàn thành, nghiệm thu nhà xưởng giao cho Công ty cổ phần F không phải lập hóa đơn. Thuế GTGT đầu vào hình thành nhà nghỉ giữa các bên được kê khai, khấu trừ theo quy định.

Ví dụ 27: Công ty Y là doanh nghiệp sản xuất nước uống đóng chai, gia chưa có thuế GTGT 1 chai nước đóng chai có giá thị trường là 4 000 đồng. Công ty Y xuất ra 300 chai nước đóng chai để phục vụ trong các cuộc họp công ty thì Công ty Y không phải kê khai, tính nộp thuế GTGT.

Ví dụ 28: Công ty Y là doanh nghiệp sản xuất nước uống đóng chai, gia chưa có thuế GTGT 1 chai nước đóng chai có giá thị trường là 4 000 đồng. Công ty Y xuất ra 300 chai nước đóng chai với mục đích không phục vụ sản xuất kinh doanh thì Công ty Y phải kê khai nộp thuế GTGT đầu ra 300 chai nước xuất dùng không phục vụ hoạt động sản xuất kinh doanh = 300 x với giá tính thuế là 4 000 x 300 = 1 200 000 đồng.

Riêng cơ sở sản xuất kinh doanh có sử dụng hàng hóa, dịch vụ mua ngoài nội bộ, luân chuyển nội bộ giữa các chi nhánh cho sản xuất kinh doanh như vận tải, hàng không, đường sắt, luân chuyển viễn thông không phải tính thuế GTGT đầu ra; cơ sở kinh doanh phải có văn bản quy định rõ đối tượng và mức không chế hàng hoá dịch vụ sử dụng nội bộ theo thẩm quyền quy định."

Slow Cooker Pot Roast

Recipe courtesy of Food Network Kitchen

" Taking the time to make a smooth, thick gravy for this slow-cooked dinner is worth it. As the pot roast cooks, the water and juices from the vegetables and meat will thin the gravy out, creating just the right consistency. Jeff "

Ingredients

One 4-pound beef chuck roast
Kosher salt and freshly ground black pepper
1/3 cup all purpose flour, plus more for coating
3 tablespoons olive oil
4 medium carrots, cut into 2-inch pieces
3 stalks celery, peeled and cut into 2-inch pieces
1 medium onion, cut into 1/2-inch wedges
3 cloves garlic, mashed
3 tablespoons tomato paste
1 cup red wine
3 cups low-sodium beef broth
3 bay leaves
2 sprigs fresh thyme
1/2 teaspoon ground allspice
1/2 cup loosely packed parsley leaves, chopped

Directions

Sprinkle the roast all over with 2 1/2 teaspoons salt and 1 1/2 teaspoons pepper. Coat in flour and shake off any excess. Heat 2 tablespoons of the oil in a large nonstick skillet over medium-high heat. Add the roast to the skillet and cook until golden brown on all sides, about 8 minutes total. Transfer the roast to the insert of a 6-quart slow cooker, along with the carrots, celery, onions and garlic.

Add the remaining 1 tablespoon oil to the skillet over medium heat. Add the tomato paste and stir until the oil begins to turn brick-red, about 1 minute. Add the flour and wine and whisk until thick (it's OK if there are some lumps). Add the beef broth, bay leaves, thyme, allspice, 1/2 teaspoon salt and a few grinds of pepper and bring to a simmer, whisking, until the gravy is smooth and thickens slightly, about 4 minutes.

Pour the gravy into the slow cooker. Cover and cook on low for 8 hours. The roast and vegetables should be tender.

Remove the roast and let rest for a few minutes. Discard the thyme stems and strain the vegetables, reserving the gravy. Toss the vegetables with half the parsley and season with salt and pepper. Stir the remaining parsley into the gravy and season with salt and pepper. Slice the roast against the grain. Serve the roast and vegetables on a platter, moistening them with some of the gravy and serve the remaining gravy on the side.

A Life of Comfort

A lesson #7
Does your comfort find help in times of celebration?

Teacher: Floyd Holderman

Lord's days 24

One of the most popular ways of sharing the gospel involves a bridge diagram, where God is on one side of a great chasm and man is on the other Jesus Christ then is the bridge that makes a way for God and man to be reconciled. This is good theology. The only problem is that most people we run into, including perhaps the one you see in front of you as you brush your teeth, do not feel the need to get right with God.

If you've never felt the chasm between you & God, consider the following!

Do we ignore God, or wonder if His rally exists?

- Think of good done...but not of good left undone
- If taught speeding you won't get off because your are up to date on your alimony payments
- Am I proud of not being terribly proud?
- Pride is the enemy of Hope

Undeserved mercy is the good news and scandal of Christianity.

Other religions say, meditate or a # of prayers
Christianity proclaims salvation by grace alone
If no merit to good works, why deny pleasures?

- " Faith in God's promises that do not fail
- " Good fruit is the product of a good tree
- " Grace leads to Gratitude: not license

Lord's days 25

Many evangelicals see more movie clips in church during the year than they see sacraments. But next to the doctrine of justification by faith alone, the Reformers wrote about the sacraments more than any other issue. And while they also fought among themselves over the sacraments the Reformers did agree on a number of key points. We see four of them in this Lord's Day.

- We are not saved by the sacraments, but by faith in God's grace alone
- Reformers agreed only Baptism & Lord's Supper were sacraments
- Sacraments do not "accomplish" anything, because Christ's work is already finished
- Faith comes through hearing the gospel the sacraments do not create faith they confirm it

Lord's days 26 & 27 (Baptism)

- Great Commission is "Go and make Disciples"
- And to "Baptize in the name of the Trinity!
- Remember We need to be washed of sins
- Baptism does not wash away sins. It marks us as a Covenant member by the sign of baptism
- Children were not excluded from the covenant
- By faith we grasp hold of the covenant blessings

Lord's days 28, 29 & 30 (The Lord's Supper)

- We are not saved by the sacraments but by grace through faith alone
- Reformers held to 2 sacraments set by Jesus
- At the table, faith is visible in the bread and cup
- In bread & wine we have communion with Him

- The spiritual presence of Christ- controversial?
- Has Communion united or divided the Church?

Communion is for the weak not for the hypocrite
Partaking of Holy Communion in an unworthy manner will be a curse to him (1 Cor 11:27-29)
Who is to be held responsible for admitting such a one to the table?

Note to Dealer

§§39-26-113, C.R.S., states that no registration or certificate of tax will be issued for the sale of vehicle, off-highway vehicle, or manufactured home until any tax due on the transaction has been paid. To comply with registration and titling requirements and in cases to collect the Use taxes quickly, instead collect the local use tax and remit directly to the County Motor Vehicle Department along with any documents to initiate titling and/or registration of the property. You must retain a copy of this receipt for your records.

Use the lessors line "Taxable amount for Use Tax" to sum total the amount to be collected from the lessee. The local use tax should be remitted to the County Clerk along with this DR 2998 and the rest of the paperwork in the same manner that you would report local use tax on the sale of a vehicle. To determine whether the locality has a use tax, refer to the Use Tax Tables of publication DR 1002 Sales/Use Tax Rates. You must retain a copy of this receipt for your records.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Tax — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to Fax/zero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Send fax without a fax machine - Lessen your fax process to one

Send fax from desktop. No toner. No paper. Best choice to replace fax machine!

TH 96-00-1-1 ADSL POTS Splitter Module

Installation Instructions

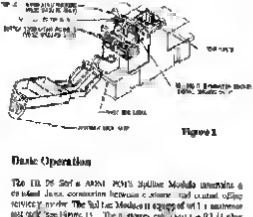

Figure 1

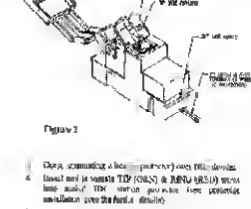

Figure 2

Basic Operation

The TH 96-00-1-1 ADSL POTS Splitter Module interfaces a customer premise telephone with the central office telephone service provider. The Splitter Module is equipped with 1 customer side RJ-11 jack (see Figure 1). The customer side jack has RJ-11 plug from a standard telephone and the other end goes to ensure a signal is filtered from the original either T1 or ISDN line and sent on to the customer's designated Public Data Network (PDN) and POTS service from the central office.

Installing ADSL POTS Splitter Module

1. Remove the Splitter Module from its static protective packaging.
2. Inspect the Splitter Module for any damage. If damaged, replace with an undamaged Splitter Module.
3. Hold the Splitter Module with the wiring side facing you.
4. Locate the right and left side notches on the Splitter Module.
5. Position the Splitter Module over the mounting bracket with the right and left side notches aligned with the mounting bracket's right and left side tabs.
6. Lower the Splitter Module onto the mounting bracket until the right and left side notches engage with the right and left side tabs.
7. Push the Splitter Module down until the right and left side notches snap into the right and left side tabs.

Splitter Module Wiring

Three telephone wires (POTS, pins 3 and 4) on the DSL line must be connected to the Splitter Module. The customer has the option of installing one (1) or two (2) telephones. Each telephone must have one T connected to the Splitter Module.

1. When installing the 3 or 4 pair of telephone wires, make sure the pairs are twisted together (see Figure 1).
2. Do not strip wire insulation from wires to be connected to Splitter Module.

Caution: To reduce the risk of personal injury, use a RJ-11 plug, and the 3 wires and each pair to Splitter Module and wiring connections.

3. Open terminating block (customer) over DSL device.
4. Install and terminate TIP (GRN) & RING (RED) wires into each DSL device port location (see potential installation over the future details).
5. Open customer premise over an Splitter Module.
6. Each of Splitter Module's wires to the open position as labeled (see figure 1).
7. Begin when ground connection as only power.
8. Start wiring from the bottom left pocket.
9. Guide the conductors wires telephone wires through double and select fingers (up to 2.0" expansion between wires).

   Note: Wires should be aligned to the corresponding holes screen here to the TIP (GRN) labeled wire guide and the red wire to the RING (RED) labeled wire guide.
10. Keep wires and wire guides at the same time and easy tension and.
11. Weigh bridge wire as wire go slot, terminate socket on bracket frame (slide all the way).
12. Form some additional wires goes in to over right and upper left corner if required.
13. Terminate the TIP wires at the left or upper right holes only.
14. Ensure all sockets are in the down position and have customer security cover.

INVESTOR'S CORNER

Weekly Plus Daily Charts Give Full Story

BY VIRGINIA MORRIS
INVESTOR'S BUSINESS DAILY

Pullbacks and bottoming-out patterns usually shake out the weak hands from the best. The technique goes without saying, but it's worth repeating: Only the shakeout-resilient stocks belong on the watchlist.

In a similar way, investors should use weekly and daily charts — and the different advantages they offer — when studying price and volume action. The picture that a weekly price chart delivers can be very different from what viewing through the prism of a daily chart, and vice versa.

So, use both to get a more complete picture of the stock and make a decision.

Basics Of Charts

For those new to stock charts, each bar in a weekly chart contains five days of trading, unless there's a holiday. A daily chart covers similarly abbreviated.

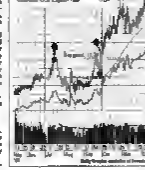
The weekly time frame is your bigger picture window. It gives you more history, so you can see the longer-term trend in the stock.

When searching chart patterns, this should be your time frame of choice. It's easier to see your formations as well as those in benchmarks. Use the weekly chart to gauge the direction of the pattern. Some classic buy setups might have a right-side bias.

With the weekly chart, you can even add the 10-week simple moving average (SMA) as an additional time reference for a particular base. Remember, most patterns need at least seven weeks to form.

Gauging A Base's Strength

You can also quickly gauge the relative strength, showing how a base broke out. It's easy to spot a tight base, similar to the Continental Resources chart at right, that's made of consistent closes in a small area of action. Look to make sure that most of your weekly closes are near the high of the week.



Not have a worst loss from closing week much less higher if shown by the prior range, the basket.

While you can use the daily chart to spot consistent tight, it's generally best for fine-tuning your buy points, as will be discussed.

Here's a chart for short handle that might not be easily visible on the weekly.

The daily time frame is also good for spotting potential gaps, which can play valuable parts about a stock's condition.

After a week closes a proper buy point, look at the volume. It should be at least 50% above the average for comparison.

Should you purchase immediately? Investor's Business Daily's rule in May 2002 of 3% above the buy is the market's default. But other factors also influence the best level.

For late September the stock may shatter a new high, under a buy point of $41.41, as shown above the daily chart. A conservative buyer might wait for a daily close and you'll find a similar handle of a few days long point at $41.56.

Remember, a chart is a visual tool. Use it to help you make an educated guess as to what's likely to happen next.

Chart Assistance

For help and weekly charts of any stock, see IBD Charts at Investors.com. Daily charts cover about 10 months of activity, while the weekly charts go back two years.

These online graphs include the 10-, 40- and 200-day moving averages, volume — indicate basic investment ratings and the Industry Group Rank.

IBD teaches you essential investing strategies every day

Appearing each day in IBD and in Investors.com, this is the best way to begin broadening your knowledge. This section serves as a tutorial on IBD's unique tools and addresses investment questions on buying, selling, chart analysis, spotting market trends, and much more.

Online Resources: Visit our Investor's Corner Archive on Investors.com/education for a huge library of previously published articles. They're grouped into seven main topics from chart reading to investor psychology.

NYSE and Nasdaq Stocks On The Move™ slide-by-slider

IBD's one-of-a-kind daily screens list stocks trading in much higher than normal volume, indicating institutional buying. This helps you spot leaders you won't find on standard most active lists appearing in other newspapers. Stocks On The Move slide shows you stocks that are down in higher than average volume, a sign of weakness and possible further price declines.

Online Resources: Our interday version of this screen is on the homepage of Investors.com and updated every two minutes during trading hours!

Redress Number (if applicable)*

* **A Redress Number is a number that will be issued by airport security as a means of identity to individuals who travel and have a common name ("no John Doe"). Individuals issued this number will have to provide it each time they book a flight.**

If you desire a certain flight schedule, you are welcome to provide the information with the request below. The flights have to be cost effective- meaning that if a plane change shows a cheaper rate versus a non-stop flight then the cheaper flight will be booked. Layover schedules are also considered and if possible we try to keep them to no more than ___ hours.

Do you want to be contacted with the flight information before confirming flight:
X Yes ___ No (If yes, please respond when an itinerary is sent for your confirmation.)

Special accommodations needed:

Costs incurred for making changes to your airline ticket after it has been purchased will be your responsibility. The tickets are non-refundable and non-transferable.

Flights will be arranged to arrive at Fort Walton Beach/Destin – Northwest Florida Regional Airport no later than 1500 on October 17 (CONUS) and will depart no earlier than 1300 on October 22. If this poses a problem please contact Erica Mitchell at erica.mitchell@us.af.mil or Cori Fisher at coriebridge.fisher@us.af.mil

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file, many other file types are supported.

If you have any questions regarding Interpage's QuiFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per minute charges, please feel free to contact us at:

Phone +1 (510) 315-2750 9AM to 5.30 PM M-F Pacific Time
E-Mail insl-support@interpage.net
Web http://www.interpage.net

Thank you for your interest!

Notes: 1 Due to the multiple use of the freefax service, Interpage will no longer transmit personal text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluation purposes by filling out the form located at *http://www.interpage.net/sub-fax-trial.html* including any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2 This fax is not a solicitation nor is it an offer. It was sent by a visitor to interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however if you find that someone is using our faxes in a consistent and abusive manner please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

NOTICE OF SPECIAL MEETING OF
CHATTAHOOCHEE PLANTATION HOMEOWNERS ASSOCIATION, INC.

Dear Chattahoochee Plantation Homeowners

A Special Meeting of the Chattahoochee Plantation Homeowners Association, Inc. ("Association") will be held on February 15, 2017 at 7:00 pm at the Atlanta Country Club located at 500 Atlanta Country Club Dr, Marietta Georgia. The sole purpose of this meeting is to vote on the proposed Second Amended and Restated Declaration of Covenants, Restrictions and Easements for Chattahoochee Plantation ("Second Amended and Restated Declaration"). Enclosed herewith is a copy of the proposed Second Amended and Restated Declaration which, by this reference, is incorporated herein. The primary purpose of this Second Amended and Restated Declaration is to adopt the Georgia Property Owners Association Act. However, all proposed changes from our existing documents have been redlined for your review and consideration.

Please note that pursuant to the By Laws for the Association, the presence, in person or by proxy, of members entitled to cast **one-tenth (1/10) of the votes of the Association** will be needed to establish a quorum and for business to be transacted at the meeting. Moreover the proposed Second Amended and Restated Declaration will need the favorable vote by at least **two-thirds (2/3) of the Owners who are present in person or by proxy and voting at the meeting**. Therefore, it is imperative that we have a strong showing in attendance at the meeting. Each owner shall have one (1) vote.

While we encourage all homeowners to attend, we have enclosed a proxy which may be executed in order to enable you to vote without attending the meeting in person. Please ensure that your proxy is signed and dated and that your selections are clearly marked. Please mail this proxy to the Association, c/o Dr Ben Tyber, 4475 Chattahoochee Plantation Dr, Marietta, GA 30067 or provide it to a member who will be present at the meeting or a member of the Board of Directors prior to the meeting. Please note that the proxy allows you to vote on the proposed Amended Declaration.

We look forward to seeing you at the meeting.

Sincerely,

Board of Directors,
Chattahoochee Plantation Homeowners Association, Inc.

1.0 General

The 612-SSTP fiber optic splice tray is designed with impact and chemical resistant polyethylene. The tray stores up to 12 single fusion splices in a double height row. The tray is designed to accommodate single fusion splicing using 40mm protection sleeves. The splice tray is a double ended entrance style tray. The tray has a clear cover for protection and ease in locating or inspecting fibers and is stackable to access trays and splices stored below. *(Refer to figure 1)*

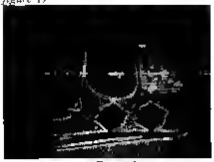

Figure 1

2.0 Prepare the Splice Tray

2.1 Remove the clear plastic cover by pulling the two cover latches located on the cover.

2.2 Install splice clip holder into splice tray base.

3.0 Prepare and secure fiber bundles

3.1 Prepare the fiber bundles per Manufacturer's recommended procedure, leaving 24"-36" exposed for splicing.

WARNING, MAKE SURE MINIMUM BEND RADII IS MAINTAINED!

3.2 Route fiber bundles to splice tray and secure using supplied ty-wraps. Ensure not to over tighten ty-wraps. *Refer to Figure 2*

Figure 2

Recommendation, for buffer tubes directly routed to a splice tray. Install a 1" section of 1/8 Inch spiral wrap around the tube to help secure the tube from slipping from the ty-wraps.

3.4 Prepare fibers for splicing and trim fibers as required.

3.5 After splicing, store the completed splice and then store the fiber slack as required. *Refer to figure 3*

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Testing Your HP Fax Machine with the HP Fax Test Service

Printable version

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the Printable Version link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. **Send a one page black and white test fax to 1-888-hpfaxme (1-888-473-2963).**
2. **When you fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.**

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Wizard on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

TZU THÉ
REVOLUTIONIZING THE GREEN TEA EXPERIENCE
Check out Booth #4448 at this year's Winter Fancy Food Show to find Tzu Thé's 100% Natural, EGCG Rich Green Tea, Nutrition Bars and Innovative Accessories

(Atlanta GA)- This year the tea market reached a whopping 5.1 billion dollars in sales inevitably leading to an immense amount of specialty gourmet, supermarket natural foods and gift basket buyers trying to get their hands on a piece of this golden pie. However what will truly make a tea stand out in this overcrowded market is not only quality but versatility and convenience. When looking for such a tea look no further than **Tzu Thé at Booth #4448 at the NASFT Fancy Food Show in San Francisco.** With their world class packaging **Tzu Thé** offers healthy, convenient and fashionable green tea products for any lifestyle, making it truly "revolutionary."

Tzu Thé's beautiful, innovative and unique packaging will draw the consumer's eye directly to the product on the shelves. **Tzu Thé** is the first green tea company to offer the single-serving T-POD™ filled with premium loose dry green tea leaves, that are pesticide-free and packed full of EGCG[1]. These convenient individual tea pods make drinking green tea easy for consumers on-the-go. For even more convenience **Tzu Thé** has introduced a line of accessories. The first is the T-Buddy™, a "Two Headed" portable tea bottle with a built in infuser that doubles as a tea mug and a tea pot for hot or cold beverages on the go. The second is T2-GO, a steeping device that snaps on to standard 12oz and 16oz hot paper cups.

Tzu Thé has also combined all the health benefits of green tea with the popularity and convenience of food bars, creating the innovative T-Bar™. The T-Bar™ is a raw, whole food, green tea nutrition bar that has been cold processed, promoting optimum enzyme activity. These vegan-friendly bars contain

[1] The most potent form of antioxidant, providing health benefits that **may** help to reduce risks of cancer and tumors, lower cholesterol, help with digesting excess fat, and even protect against the common cold virus.

IDENTITY VERIFICATION NOTARIZATION INSTRUCTIONS

For NextGen Share Participation

The attached form must be completed, signed, and returned before your NextGen Share operations staff can formally request DigiCert create your Direct-compliant digital certificate on your behalf.

Direct-compliant certificates are used to securely transmit health care information between providers. Your organization will have it's own unique certificate for use with all Direct Messages sent or received via NextGen Share.

Failing to follow these instructions below promptly may delay your certificate's issuance by DigiCert.

To complete this form, you must bring this document to a notary of your choice so that the notary can verify your identity and signature. Please alert the notary that DigiCert may reach out to them at the number they provide or the number listed with the state in which they are registered.

You must present a government-issued photo ID that lists your name and address to verify your identity.

A second ID is required if the ID is not a federal government ID or a *REAL state ID*. The second ID does not need to be a government-issued ID. Examples of acceptable photo ID documents include a passport, driver's license, military ID, permanent resident card, or similar document. Examples of acceptable secondary ID documents, if they should be necessary, include a employee ID card, social security card, birth certificate, school ID, or voter's registration card.

***REAL state ID*: If your primary ID is a state driver's license for the states of AK, AZ, KY, LA, ME, MA, MN, MO, NJ, NY, OK, or WA, you must provide a second ID.**

Please sign page 2 of this document on the page titled "IDENTITY VERIFICATION AND AUTHORIZATION" in the presence of the notary. Sign in the space provided for "Applicant"

The notary will then sign that same page in the space provided under "ACKNOWLEDGEMENT"

Completed and notarized forms should be submitted to the NextGen Share operations team using either method listed below:

- Scan page 2 of this document and e-mail to share_hd@mirthcorp.com
- Fax page 2 of this document to 714-389-9233

If you have further questions specific to this Identity Verification process or its terms detailed on pages 3-4 of this document, you may call DigiCert at 1-800-896-7973 with those questions.

Port-packing power

Palit calls its **Revolution 700** before the word's fastest graphics card. This beefy beast—with an two ATI Radeon HD 4870 GPUs overclocked to 750MHz and 2GB of GDDR5 memory racking up a scorching 3,900MHz—has the hardware to command the final pole spot. Plus, with DisplayPort, dual-link DVI, HDMI, and VGA ports as well as a supersmart revolution of 2,560x1,600, this card will connect to just about any display, producing impressive DirectX 10.1 (Shader Model 4.1) graphics, but be warned. This massive card is so wide it eats up three expansion slots. You may have to move onto a bigger case! Palit Multimedia, www.palit.biz

Externally excellent

It might not look like much but the **SilverStone Clear Cmos** will save tweakers and overclockers a lot of time and trouble. Mounting in a rear expansion slot, it lets you clear your PC's CMOS after a failed overclocking attempt or similar without having to crack open your PC case, move around components, or fumble with jumpers. A red flip-up cover prevents accidental resets, and the whole thing costs just $28. If only solving all of life's minor annoyances were this inexpensive and easy. *SilverStone Technology, www.silverstonetek.com*

Quad-card power

Seasonic's **w120** modular power supply offers a DC-to-DC converter design, which the company claims should provide enhanced system stability. And it's 80 Plus Silver-certified, so you can feel eco-friendly while frigging your friends. The supply also comes with four PCI Express (PCIe) connectors, for powering up to four graphics cards. Models are available in 250-watt ($129) and 350-watt ($139) versions. If you're aiming to use four cards, we recommend buying the latter wattage—and getting a second job. *Seasonic U.S.A., www.seasonic.com*

Mistake No. 5 Looking for a silver bullet

Some job hunters swear by recruiters, others by online job postings. The latest buzz is that social networking sites are making all other job-hunting techniques obsolete. There is no one best way to job hunt. If you want to increase the effectiveness of your job search, you must spend more time on it and use every technique in the book. This means answering print ads...responding to online job postings, contacting recruiters, cold-contacting potential employers...networking your brains out and using social networking sites to pursue all of these strategies. Sorry...there are no silver bullets or genies in a bottle.

Mistake No. 6 Absorbing too much news

Yes, there's a recession. Yes, a lot of folks are out of work. And, yes, finding a job is a hard job in and of itself. But, no, the sky is not falling. And yes, if you work hard and long enough at it, you will land a good job. The media's motto is, "If it bleeds, it leads." Bad news is their stock in trade. You will never see a story about company hiring back 10 workers or a person who landed a great job after a rigorous job hunt. A regular diet of bad news will convince you that no one is hiring (untrue); that you should avoid employers that have had layoffs (bad strategy) or that maybe you should just move to China (bad idea unless you speak Mandarin). Get out, have some fun, work at keeping your energy and spirits up...and network with optimistic people.

Eventually this recession -- like all recessions -- will really be over and you'll be better prepared for (gulp) the next one.

WEEK IN REVIEW
10/29/2010

USCP MARKET

US Commercial Paper supply bounced back to over $1.05 trillion this week due to a $9 billion increase in Non-Financials. At $138.4 billion Non-Financials are near their YTD high of $139 billion (August) which represents a 45.3% YTD gain. Other sectors were unchanged on the week.

Money market inflows were stable this past week, as were commercial paper yields across sectors and ratings tiers. The LIBOR curve once again did not budge, except for a whisper-lower 12-month which topped a YTD and historical low of 0.76538% at Friday's setting.

The Eurodollar futures curve continued its flattening trend with the Dec 2011 contract rallying 3 bps, while the Dec 2012 contract rallied 11 bps.

Banks continued to structure offerings off of their YCD programs with additional prints this week with 3-month externalized features while others wrote Fed Fund floaters. The market grappled with issuers desiring minimum 95-day terms, while investors preferred shorter resets to better manage WAMs.

Corporate tax date took its usual mid-month hit on Taxable Money Funds which lost approximately $17 billion on the week.

ORDERING REPLACEMENT PARTS

To order replacement parts, please see the front cover of this manual. To help us assist you, be prepared to provide the following information when contacting us:

- the model number and serial number of the product (see the front cover of this manual)
- the name of the product (see the front cover of this manual)
- the key number and description of the replacement part(s) (see the PART LIST and the EXPLODED DRAWING near the end of this manual)

LIMITED WARRANTY

IMPORTANT: To protect your fitness equipment with an extended warranty service plan, see page 5.

ICON Health & Fitness, Inc. (ICON) warrants this product to be free from defects in workmanship and material, under normal use and service conditions. The drive motor is warranted for one (1) year from the date of purchase. Parts and labor are warranted for ninety (90) days from the date of purchase.

This warranty extends only to the original purchaser (customer). ICON's obligation under this warranty is limited to repairing or replacing, at ICON's option, the product through one of its authorized service centers. All repairs for which warranty claims are made must be preauthorized by ICON. If the product is shipped to a service center, freight charges to and from the service center will be the customer's responsibility. If replacement parts are shipped while the product is under warranty, the customer will be responsible for a minimal handling charge. For in-home service, the customer will be responsible for a minimal trip charge. This warranty does not extend to freight damage to the product. This warranty will automatically be voided if the product is used as a store display model, if the product is purchased or transported outside the USA, if all instructions in this manual are not followed, if the product is abused or improperly or abnormally used, or if the product is used for commercial or rental purposes. No other warranty beyond that specifically set forth above is authorized by ICON.

ICON is not responsible or liable for indirect, special, or consequential damages arising out of or in connection with the use or performance of the product; damages with respect to any economic loss, loss of property, loss of revenues or profits, loss of enjoyment or use, or costs of removal or installation; or other consequential damages of any kind. Some states do not allow the exclusion or limitation of incidental or consequential damages. Accordingly, the above limitation may not apply to the customer.

The warranty extended hereunder is in lieu of any and all other warranties, and any implied warranties of merchantability or fitness for a particular purpose are limited in their scope and duration to the terms set forth herein. Some states do not allow limitations on how long an implied warranty lasts. Accordingly, the above limitation may not apply to the customer.

This warranty provides specific legal rights; the customer may have other rights that vary from state to state.

I appreciate you choosing AT&T

My goal today was to

- ☐ Confirm you'd found our network using your new U-verse equipment
- ☐ Meet you and show you my AT&T identification
- ☐ Make sure you notice all of the services I provided and delivered the best solution
- ☐ Leave you with a copy of my work and answer your questions, showing respect for your time and property
- ☐ Thoroughly go through with you everything we've covered
- ☐ Ask if I could do anything more for you today
- ☐ Leave you with any necessary help sheets and support resources

It has been my pleasure providing you with the best AT&T service experience. As a result, I hope that you are very satisfied and will recommend AT&T to your friends and family.

If you need further assistance, we have many options for you:

- Visit www.att.com/uverse for technical help 24 hours a day, seven days a week, including live access to chat agents.
- Download the myAT&T app to your smartphone for *billing information, usage and more.*
- Contact Customer Care at 1.800.288.2020.

U-verse customers

See the "Quick Reference Guide" section of your Starter Guide for instructions on *program, using your remote control, on demand, parental controls, set-top box reminders.*

- See the "AT&T U-verse Voice" section of your Starter Guide for personalized information about the *functions of your AT&T U-verse Voice service.*

You may also contact me directly concerning this visit as well as for any questions as soon as possible during business hours at:

My name and contact number: _____

Thank you for your interest!

Notes: 1 Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized test messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at http://www.interpage.net/trial-signup.html, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2 This fax is not a solicitation nor is at an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

M2M Spectrum Networks Inks Deal for Nationwide Managed Network Services with TrueNet Communications and Edge Communications

M2M Spectrum Networks announced today that the company had chosen the team of TrueNet Communications and Edge Communications to provide Managed Network Services for its soon to be launched nationwide network. Under the definitive agreement, TrueNet Communications will be providing field services and Edge Communications will be providing advanced network management services under the Managed Services.

"This agreement builds on our partnership with TrueNet that we announced last month with the Launch of M2M SN," stated Damon Lease, Senior Vice President of Network Implementation of M2M Spectrum Networks. "But more important, TrueNet's field collaboration with Edge ensures our end users will reach a world class service from their first experience with M2M SN and allows us to focus on growing our end user base by providing a multitude of efficient cost effective end user solutions and services."

"We are once again honored that M2M SN has chosen TrueNet – this time to deliver Managed Network Services," stated TrueNet Communications President and CEO, Frank Del Col. "Edge's Managed Services and PCI certified network were part of M2M SN's end to end criteria in selecting a partner."

"Edge's unique ability to manage its complex network is an ideal fit for the innovative new M2M SN nationwide network and its requirements," said Michael Ford, CFO of Edge Communications Inc. "We look forward to working with TrueNet and M2M SN to deliver the world class secure, network services that M2M SN and its customers demand. Our state-of-the-art network platform provides M2M SN the ability to rapidly scale and meet the explosive demands of the M2M world."

M2M Spectrum Networks is an innovative what will become the nation's first purpose built network designed specifically for machine-to-machine communications. Starting in the second

Finding Scholarships

Who might have money to give?

Look beyond colleges and universities for scholarships. Educational funding in the private sector has increased dramatically in recent years. Review mainstream sources of funds, and be creative. Think about what makes you different, and find groups that value that difference. Many organizations offer scholarships, including:

- State governments
- Local governments
- Businesses
- Employers
- Clubs
- Associations
- High schools
- Civic groups
- Religious organizations
- Trade associations
- Labor unions
- Political parties
- Military associations
- Private foundations
- Private charities
- Ethnic organizations

College Answer's Free Scholarship Search

Your scholarship search offers access to an award database that currently contains over **2.4 million scholarships worth over 14 billion dollars** and is expanded and updated daily.

Our search combines superior search technology with highly accurate scholarship information to provide students with a customized list of scholarship leads.

Check your scholarship results often. It's free and every time you log on or update your profile, a new search runs matching you with the latest scholarship opportunities.

College Answer protects the privacy of their users and does not share or sell personal profile information to third parties.

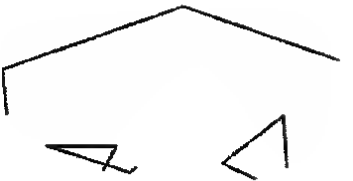
Thanks for selecting INNsight.com as your partner



2010, I graduated with my Associates Degree in Applied Science for Computer Systems Technology. During this time I have used the knowledge and skills I have obtain while pursuing my degree to assist friends and family members with computer repair and software usage issues.

The majority of my family members are teachers at local school districts around New Jersey. I am familiar with the day to day issues they face ranging from entering grades for their students in student software programs such as Power School to attaching their computer to a projector or smartboard. I also have specific knowledge of networking, motherboard repair, upgrading, and virus removal. I know the benefit of computers and how they can enhance and simplify the tasks teachers and other staff members face on a daily basis. I feel both gratified and thrilled when I am able to assist individuals by alleviating their computer concerns.

You will find my resume attached as well as all of the necessary documentation needed to apply for this position as stated in your job opening. If any other information is needed, feel free to contact me and I will gladly provide all that I can.

I would like to thank you in advance for considering me as a candidate and look forward to speaking with you in person. I will follow up with a phone call within the next week.

Sincerely

Christina Murray

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Solve fax problems

Fax troubleshooting checklist

Tips for fax troubleshooting

- Print the menu map from the **Reports** menu to show the current menu and any changed settings.
- Try to send or receive a fax after implementing each solution.
- Disconnect all devices except for the product. Verify that the telephone cord from the product is plugged directly into the wall jack. Some problems can be caused by other devices.
- Verify that the product firmware is current.
  a. Print a configuration page from the **Reports** menu.
  b. Go to www.hp.com/support, enter your country/region, and locate the product you are using.
  c. Search for the firmware update, and then compare the current version on the configuration page. If versions are different, download the newer firmware.
  d. Print a new configuration page. Verify that the firmware is updated.
3. Verify that the telephone cord is plugged into the correct port.
4. Verify that the fax setting is set for the correct answer mode for your home telephone service. For most users, this setting should be **Auto Answer**.
5. Verify that the fax settings are correct. For more information, see the fax setup instructions.
6. Print a fax test. This process tests various key fax functions of the product. If the test fails, review the error reports for more information.
7. If you still have problems sending faxes, do the following:
   a. Change the error correction setting.
      NOTE: Changing these settings might increase transmission time.
   b. Change the **Fax Speed** setting to **Medium(V.17)** or **Slow(V.29)**.

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions or claim certain credits or adjustments to income.

1 Enter an estimate of your 2012 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your income, and miscellaneous deductions . . . . . 1 $

2 Enter { $11,900 if married filing jointly or qualifying widow(er) / $8,700 if head of household / $5,950 if single or married filing separately } . . . . . 2 $

3 Subtract line 2 from line 1. If zero or less, enter "-0-" . . . . . 3 $

4 Enter an estimate of your 2012 adjustments to income and any additional standard deduction (see Pub. 536) . . . . . 4 $

5 Add lines 3 and 4 and enter the total. (Include any amount for credits from the *Converting Credits to Withholding Allowances for 2012 Form W-4* worksheet in Pub. 505.) . . . . . 5 $

6 Enter an estimate of your 2012 nonwage income (such as dividends or interest) . . . . . 6 $

7 Subtract line 6 from line 5. If zero or less, enter "-0-" . . . . . 7 $

8 Divide the amount on line 7 by $3,800 and enter the result here. Drop any fraction 8

9 Enter the number from the Personal Allowances Worksheet, line H, page 1 9

10 Add lines 8 and 9 and enter the total here. If you plan to use the Two-Earners/Multiple Jobs Worksheet, also enter the total on line 1 below. Otherwise, stop here and enter the total on Form W-4, line 5, page 1 10

Two-Earners/Multiple Jobs Worksheet (See *Two earners or multiple jobs* on page 1.)

Note. Use this worksheet only if the instructions under line H on page 1 direct you here.

1 Enter the number from line H, page 1 (or from line 10 above if you used the Deductions and Adjustments Worksheet) 1

2 Find the number in Table 1 below that applies to the LOWEST paying job and enter it here. However, if you are married filing jointly and wages from the highest paying job are $65,000 or less, do not enter more than "3" 2

3 If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "-0-") and on Form W-4, line 5, page 1. Do not use the rest of this worksheet 3

Note. If line 1 is less than line 2, enter "-0-" on Form W-4, line 5, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 Subtract line 5 from line 4 6

7 Find the amount in Table 2 below that applies to the HIGHEST paying job and enter it here . . . . . 7 $

8 Multiply line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . . . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2012. For example, divide by 26 if you are paid every two weeks and you complete the form in December 2011. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code section 3402(f)(2)(A) and its regulations require you to provide this information to your employer and section 6109 and its regulations require you to provide your social security number. You must provide your employer with your social security number whether or not you are required to file a tax return. Failure to provide a properly completed form will result in your being treated as a single person who claims no withholding allowances, or may result in backup withholding. Information may also be disclosed as provided by Privacy Act and Routine Uses of the IRS and may be given to the Department of Justice for civil and criminal litigation, to cities, the District of Columbia, and U.S. commonwealths and possessions for use in administering their tax laws, and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

3. DISPUTE RESOLUTION BY BINDING ARBITRATION

3.1 Summary of Arbitration Agreement. Please read this carefully. It affects your rights.
Most customer concerns can be resolved quickly and to the customer's satisfaction by calling our customer service department at 1-800-331-0500. **In the unlikely event that AT&T's customer service department is unable to resolve a complaint you may have to your satisfaction (or if AT&T has not been able to resolve a dispute it has with you after attempting to do so first), we each agree to resolve those disputes through binding arbitration or small claims court instead of in courts of general jurisdiction.** Arbitration is more informal than a lawsuit in court. Arbitration uses a neutral arbitrator instead of a judge or jury, allows for more limited discovery than in court, and is subject to very limited review by courts. Arbitrators can award the same damages and relief that a court can award. **Any arbitration under this Agreement will take place on an individual basis; class arbitrations and class act ons are not permitted.** If any non-frivolous claim that does not exceed $75,000, AT&T will pay all costs of the arbitration. Moreover in arbitration you are entitled to recover attorneys' fees from AT&T to at least the same extent as you would be in court.
In addition, under certain circumstances (as explained below), AT&T will pay you more than the amount of the arbitrator's award and will pay your attorney (if any) or he or her reasonable attorneys' fees of the arbitration awards you an amount that is greater than what AT&T has offered you to settle the dispute.

3.2 Arbitration Agreement
(1) AT&T and you agree to arbitrate all disputes and claims between us. this agreement to arbitrate is intended to be broadly interpreted. It includes, but is not limited to:
- claims arising out of or relating to any aspect of the relationship between us, whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory;
- claims that arose before this or any prior Agreement (including, but not limited to, claims relating to advertising);
- claims that are currently the subject of purported class action litigation in which you are not a member of a certified class; and
- claims that may arise after the termination of this Agreement.

References to "AT&T," "you," and "us" include our respective subsidiaries, affiliates, agents, employees, predecessors in interest, successors, and assigns, as well as all authorized or unauthorized users or beneficiaries of services or devices under this or prior Agreement between us. Notwithstanding the foregoing, either party may bring an individual action in small claims court. This arbitration agreement does not preclude you from bringing issues to the attention of federal, state or local agencies, including, for example, the federal Communications Commission. Such agencies can, if the law allows, seek relief against us on your behalf. **You agree that, by entering into this Agreement, you and AT&T are each waiving the right to a trial by jury or to participate in a class action.** This Agreement evidences a transaction in interstate commerce, and thus the Federal Arbitration Act governs the interpretation and enforcement of this provision. This arbitration provision shall survive termination of this Agreement.
(2) A party who intends to seek arbitration must first send to the other, by certified mail, a written Notice of Dispute ("Notice"). The Notice to AT&T should be addressed to: Office for Dispute Resolution, AT&T, 1025 Lenox Park Blvd, Atlanta, GA 30319 ("Notice Address"). The Notice must (a) describe the nature and basis of the claim or dispute; and (b) set forth the specific relief sought ("Demand"). If AT&T and you do not reach an agreement to resolve the claim within 30 days after the Notice is received, you or AT&T may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by AT&T or you shall not be disclosed to the arbitrator until after the arbitrator determines the amount, if any, to which you or AT&T is entitled. You may download or copy a form Notice and a form to initiate arbitration at att.com/arbitration-forms.
(3) After AT&T receives notice at the Notice Address that you have commenced arbitration, it will promptly reimburse you for your payments in the filing fee, unless your claim is for greater than $75,000. (The filing fee currently is $200 for claims under $10,000, but is subject to change by the arbitration provider. If you are unable to pay this fee, AT&T will pay it directly upon receiving a written request at the Notice Address.) The arbitration will be governed by the Consumer Arbitration Rules ("AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Agreement, and will be administered by the AAA. The AAA rules are available online at adr.org, by calling the AAA at 1-800-778-7879, or by writing to the Notice Address. You may obtain information that is designed for non-lawyers about the arbitration process at att.com/arbitration-information. The arbitrator is bound by the terms of this Agreement. All issues are for the arbitrator to decide, except that issues relating to the scope and enforceability of the arbitration provision are for the court to decide. Unless AT&T and you agree otherwise, any arbitration hearings will take place in the county (or parish) of your billing address. If your claim is for $10,000 or less, we agree that you may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic hearing, or by an in-person hearing as established by the AAA Rules. If your claim exceeds $10,000, the right to a hearing will be determined by the

How Can I Test My Fax Machine?

I just rookie' up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

MyFax Free Fax Trial

Top Ranked Internet Fax Service. Try it risk free for 30 days!

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 855 330 1239 (a toll-free number in the United States). When it's finished transmitting, point your web browser to Fax.Toys and enter the number that you sent your fax to in the "Faxed to" box. Within a minute, your fax should appear on the site. Click the thumbnail to see a larger version.

To test the receive functionality of your fax machine, point your web browser to Fax.Toys and enter your own fax number. You can send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and receive the test fax.

One more

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

such as video and audio, and can assemble PDF Portfolios for press kits, catalogs, and presentations.

Engineering circulates its designs for review as PDFs, because their renderings are created in design applications whose proprietary file formats can't be viewed on customers' and colleagues' computers.

IT manages large numbers of desktop installations of PDF tools deployed via servers. They need network tools and connectivity to popular document management systems such as Interwoven® and Microsoft® SharePoint. Where Acrobat and Reader are installed, this department also must contend with the application's large size and plug-in architecture, constant polling for being the default software on end-users' machines as well as contacting Adobe for updates and cross-pollinating into button bars in other applications (Microsoft Word, for example).

Finance and Legal traffic heavily in invoices, purchase orders, contracts, and transcriptions, passing them among customers, courts, banks, and regulatory authorities. They need creation tools — including Bates Stamping for official records — and conversion tools to gain access to legacy PDFs for which the original files have been lost. Legal also needs redaction or the ability to automatically block out data from certain documents.

Records Management takes steps to create searchable electronic archives of documents from all of the above departments. These PDFs can remain accessible to the parties who need to see them. This helps the organization to meet regulatory mandates and saves warehouse space to boot.

Innovations in PDF Technology

PDF software has kept pace in a business world that requires global collaboration, "24/7" access to vital information, and solutions that appeal to an increasingly mobile workforce.

For example, to take advantage of all the benefits of Cloud technology, PDF solutions must be able to connect workers to the cloud by enabling them to save documents to today's most popular cloud services such as Evernote® Dropbox® Nuance PaperPort® Anywhere, and more. With this "anytime-anywhere" access to the most important documents using the web or their own mobile devices, employees can improve productivity, increase access to critical information, and accelerate the overall speed of business.

Additional available PDF functionality now includes advanced editing capabilities that convert and display documents as a fully editable document. This functionality enables more efficient editing using word processor like features. It also helps users save steps related to converting, saving, and opening files in a word processing application - especially if users plan on re-creating it as a PDF anyway.

Other new enhancements even include integrated speech recognition, enabling users to create notes quickly and accurately in PDF files by simply speaking their thoughts instead of using a keyboard.

ARE YOU READY FOR SOME RATINGS?

America's obsession with commercials that cost millions of dollars continued again this Super Bowl Sunday, when Fox's broadcast of Super Bowl XVIII drew 111.5 million viewers to earn the title of the most-watched telecast in U.S. TV history. The game topped 2012's football championship for the honor, beating that broadcast by 200,000 viewers (at least according to Nielsen's ratings data which is accurate to a degree of +/- 100 million viewers). After the Super Bowl, Fox aired a new episode of *New Girl* and 25.6 million viewers stuck around to watch Prince guest-star, resulting in an 11.1 rating among 18-49-year-olds. *Brooklyn Nine-Nine* followed that with 14.8 million viewers and

Lemma 1. If is optimal among $n \in \{0,1\}^n$ such that $h(\mathbf{x}) = h(\mathbf{x}^*)$, then $f(\mathbf{x}) = f(\mathbf{x}^*)$. Thus, if is a good approximate solution for [4]. The algorithm in Section 4 essentially computes this solution when $h(\mathbf{x}) = k$ ensures that the dual is polynomial time computable for $\lambda \in \mathbb{R}^m$.

Now we return to the inequality constrained problem. An inequality constraint can be handled as an equality one with the insertion of a slack variable $s \geq 0$. As a result we rewrite problem (3) as follows.

$$\min_{\mathbf{x}} \{ f(\mathbf{x}) \quad \text{s.t.} \quad h(\mathbf{x}) < h \} \tag{4}$$

where b is made to be The corresponding equality problem then becomes

$$\min_{\mathbf{x},\mathbf{y}} \{ f(\mathbf{x}, \mathbf{y}) \quad h(\mathbf{x}) \quad \mathbf{y} = h \} \tag{5}$$

where $\mathbf{y}_i \in \{0, \infty\}$, and $h(\mathbf{x}, \mathbf{y}) = h(\mathbf{x})$. The following is the corresponding Lagrangian:

$$L(\mathbf{x}, \mathbf{y}, \lambda) = f(\mathbf{x}, \mathbf{y}) \quad \lambda^T (h(\mathbf{x}) \quad \mathbf{y} \quad h) \tag{6}$$

Let $(\mathbf{x}^*, \mathbf{y}^*)$ be a minimizer of f, for some λ, then $\mathbf{y}^* = 0$ if $\lambda > 0$, $\mathbf{y}^* > 0$, if $\lambda_i < 0$, and $\mathbf{y}_i^*$ can be any number in $0, \infty$ if $\lambda_i = 0$. However, y only depends on λ_i and the dual is as follows:

$$\hat{D}(\lambda) = \min_{\mathbf{x}} \{ f(\mathbf{x}) \quad \lambda^T (h(\mathbf{x}) \quad h) \} \tag{7}$$

This form is the same as (3). Thus, we can handle an inequality constrained problem in the corresponding equality constrained problem. We obtain the following Lemma, which shows the optimality of our solution.

Lemma 2. *Let $(\mathbf{x}^*, \mathbf{y}^*)$ be such that $L(\mathbf{x}^*, \mathbf{y}^*, \lambda) \quad D(\lambda)$ for some λ and $\mathbf{b}$ is $f(\mathbf{x}^*) \quad \mathbf{y}^*$ Then $f(\mathbf{x}^*) = \min_{\mathbf{x}} \{ f(\mathbf{x}) \quad \mathbf{b}^* \quad h(\mathbf{x}) < h^* \}$*

Proof. Let $(\mathbf{x}, \mathbf{y})$ satisfy $h(\mathbf{x}) \quad \mathbf{y} \quad h$. Thus, $\lambda^T (h(\mathbf{x}) \quad \mathbf{y} \quad h) \quad \lambda^T (h(\mathbf{x}^*) \quad \mathbf{y}^* \quad h^*)$ (or any $\lambda \in \mathbb{R}^m$. This implies $L(\mathbf{x}, \mathbf{y}^*, \lambda) \leq L(\mathbf{x}^*, \mathbf{y}^*, \lambda)$. Thus $f(\mathbf{x}^*, \mathbf{y}^*) \leq f(\mathbf{x}, \mathbf{y})$ and finally we get $L(\mathbf{x}^*, \mathbf{y}^*, \lambda) \quad L(\mathbf{x}, \mathbf{y})$ from the definition of L. □

4 Algorithm to Maximize the Dual

We have seen that an energy minimization problem with inequalities can be solved by considering the corresponding problem with equalities. Thus, in this section we restrict us solving the problem with equalities only. To this end, we use the standard cutting plane algorithm [28] for maximizing the Lagrangian dual. The cutting plane algorithm runs iteratively by computing an $(m \quad 1)$-dimensional hyperplane consisting of the dual. At one by one until finding the maximum. In the following, we assume the existence of a polynomial time oracle to compute $L(\lambda)$ for any $\lambda \in \mathbb{R}$, where $L = \prod_{i=1}^{m} [\lambda_i^L, \lambda_i^U]$ is large enough set. Note that when (2) is submodular and constraints are linear, $D(\lambda)$ can be efficiently computed by the graph cut algorithm for any $\lambda \in \mathbb{R}$ with λ_i^L ∞ and λ_i^U $+\infty$. In Section 5 we show that this holds for many useful constraints. We denote the oracle call by the function

$$\mathcal{O}(\lambda \quad \underset{\mathbf{x} \in \{0,1\}^n}{\operatorname{argmin}} L(\mathbf{x}, \lambda) \tag{11}$$

As we mentioned, each $\mathbf{x} \in \{0,1\}^n$ corresponds to a hyperplane $\{(\lambda, z) \in \mathbb{R}^{m+1} \quad \lambda \in \mathbb{R}^m \quad L(\mathbf{x}, \lambda)\}$. The cutting plane algorithm works by iteratively finding $\lambda \in \mathbb{R}$ for which the oracle call needs to be made. Let $\mathbf{X}$ $\{\mathbf{x}_1 \quad \mathbf{x}_t\}$ be a set of computed solutions by the oracle call until iteration t, we then compute the maximum $(\hat{\lambda}, z) \in \mathbb{R}^{m+1}$ of the following linear programming over the variables $(\lambda, z) \in \mathbb{R}^{m+1}$

$$\begin{aligned} &\max \quad z \\ &\text{subject to} \quad z < L(\mathbf{x}, \lambda) \\ &\qquad \mathbf{x} \in \mathbf{X} \text{ and } \lambda = S. \end{aligned} \tag{12}$$

We let $(\hat{\lambda}, \hat{z})$ be the optimal solution of (12). We subsequently call the oracle to obtain the optimal solution $\mathbf{x}_t$ for λ that is $\mathbf{x}_t = \mathcal{O}(\hat{\lambda})$. If $z^* = L(\mathbf{x}_t, \hat{\lambda})$ the algorithm terminates with the output $\mathbf{x}_t$; otherwise, it updates $\mathbf{X} = \mathbf{X} \cup \{\mathbf{x}_t\}$ and repeats the procedure. Note that as new hyperplanes are added over the iterations, the optimal value of (12) becomes smaller and the condition $z = L(\mathbf{x}_t, \hat{\lambda})$ guarantees the optimality. Algorithm 1 summarizes the whole procedure.

Algorithm 1. Cutting Plane Algorithm

Input. Oracle $\mathcal{O}$
Output. $\mathbf{x}$

1 $\mathbf{X}$ $\emptyset$
2 **do**
3 Computing the maximum $\hat{\lambda}, z^*$ by the linear program (12)
4 $\mathbf{x}_t = \mathcal{O}(\hat{\lambda})$, and $\mathbf{X} = \mathbf{X} \cup \mathbf{x}_t$
5 **while** $L(\mathbf{x}_t, \hat{\lambda}) > z^* + \epsilon$

The running time of the algorithm is dominated by the oracle call and solving the LP in (12). Note that the number of variables in (12) is small, regardless of that of the original problem. Also, the number of constraints is at most t in t-th iteration. Hence the number of the linear constraints is t in t-th iteration. Let $\mathcal{T}(n, m)$ be the time which is required for each constraint calculated in Section 5. For example $\mathcal{T} < n$ for the size constraint (s2) and if we consider $m > 1$ constraints, $\mathcal{T} < (\max\{n, m\})^2$. Hence the running time of our algorithm is polynomial in n for fixed m. Although the running time is exponential in the number of constraints m, this is not a problem, in practice since its value is large only a small constant, and m is not to be bounded in our complexity analysis. We also observed that in practice, the number of iterations t at most 50 for almost all cases, thus inducing very fast running time (see Section 6).

5 Constraints for Matching Statistics

In this section, we explain how our method can be applied to labelling problems in vision such as image segmentation. The energy function for the pairwise random field model for image segmentation can be written as

$$E(\mathbf{x}) = \sum_{i \in \mathcal{V}} (\theta_i(x_i)) \quad \sum_{i,j \in \mathcal{E}} C_{ij} |x_i \quad x_j| \tag{13}$$

where $\mathcal{V}$ is the set of all pixels $\mathcal{E}$ is the set of all neighboring edges, $C_{ij} \geq 0$, and θ_i encodes the likelihood that each pixel i belongs to the object or background and $\mathcal{E}$ considers the smoothness of the boundary of the object. Note that (13) is submodular since all the second order terms are submodular. Functions such as (13) can be efficiently minimized by solving an equivalent s t mincut problem [2]. In the following, we introduce some useful constraints for image segmentation, which can be handled by our method.

5.1 Size Constraint [29]

The most natural constraint for segmentation is the size (area for image segmentation, volume for 3D segmentation) of the object being segmented. This can be represented as

$$k \leq \sum_{i \in \mathcal{V}} x \leq k \tag{9a}$$

Leadership Class Discussion 3

Advanced Leadership in Action

This assignment is designed to apply assessment findings and action plans from the preceding two leadership discussions in this unit. You are asked to reflect on previous nursing experiences and identify one practice issue where leadership was required to improve quality. You will analyze how you served as a leader (based on leadership strengths and emotional intelligence findings) in facilitating the practice issue change. Discuss how knowledge of your strengths and opportunities for growth learned from discussion 1 and 2 could have helped you build a higher functioning team and furthered success and sustainability of the practice improvement.

If you have difficulties seeing yourself as providing leadership, then discuss how self knowledge (from your assessments) and plans for leadership development will help you facilitate improvement for an identified practice issue (either from a past experience or present).

Please identify the specific role that you are seeking during your discussion.

Grading Rubric (10 points)

__4/4 Describes healthcare practice issue in your setting that needs improvement.

__4/4 Provides the importance of key stakeholders related to the practice issue, the significance for staff engagement, and importance of ownership of the quality initiative. Discuss how knowledge of personal leadership strengths and opportunities for growth was/could be utilized to facilitate improvement in the practice issue.

__3/3 Describes lessons learned from personal assessments. How will self-awareness and personal and professional accountability enhance effectiveness of the advanced role you are seeking.

__2/2 Scholarly presentation of work. Formal referencing, free of grammar and spelling errors.

_15/15 points

Students, please submit your post to the discussion. Place a pdf copy of the post in the assignment section for grading. A specific response should be done for at least three students. The initial post must be posted at least one day before the discussion closes to allow peers time to review and respond.

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace The Lord is with thee Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen ? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health prosperity and truth When you are down to nothing God is up to something This has been traveling since 5/13/07!

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

NOTE:

Faxing requires a standard phone line with a dial tone. To use a fax machine over cellular service (your cell phone) or PBX, you must first connect an analog telephone adapter (ATA). An ATA is a hardware device that mimics a standard analog phone line and provides a dial tone. Before purchasing an ATA, make sure it is compatible with faxing and your phone service.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Prefixing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page blank and upside down test fax to **1-800-hpfaxme (1-888-473-2963)**.
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Continue to the next section to run a fax test or consult the user manual that came with the product for proper setup and configuration.

NOTE

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

Dear Customer

Thank you for choosing **Cornerstone Telecom** as your Local Service Provider. As you are aware, you may continue to use your existing telephone number with **Cornerstone Telecom**. In order to transition your current telephone number to the **Cornerstone Telecom** service, **Cornerstone Telecom** must work with your previous service provider to ensure that your service is uninterrupted, and where applicable, to ensure that your number is transferred.

Your current local service provider requires this letter of authorization as proof that you have explicitly authorized and requested that your service and current telephone number be transferred to another local service provider. By filling in all the information requested below and signing and dating the letter, you provide us with the authorization to initiate the process of transferring your service and telephone number to **Cornerstone Telecom**. You will then be able to use your current phone number with the new **Cornerstone Telecom** service.

Please ensure the following information is completed accurately to prevent possible delays.

Airlines scrap thousands of flights as Irene hits

Airlines cancel more than 8,000 flights as Hurricane Irene hits land.

Associated Press

Samantha Bomkamp, AP Airline Writer On Saturday August 27 2011 11:41 am

NEW YORK (AP) — Travelers across the country are facing days of grief ahead as thousands of flights are being cancelled because of Hurricane Irene.

Airlines are grounding more than 8,500 flights this weekend, preventing passengers as keen pounds up the East Coast.

All New York City-area airports will be closed to arriving flights beginning at noon on Saturday when the city's public transportation system shuts down. The biggest airlines, United Continental Holdings Inc. and Delta Air Lines Inc. canceled thousands of flights each.

The airlines declined to say how many passengers would be affected by the hurricane.

Bus and train service has also been hit. Greyhound has suspended service between Richmond, Va. and Boston. Amtrak is reducing its Northeast schedule on Saturday and cancelling all trains from Washington to Boston on Sunday.

*** Solution ***

The WLAN access point/router cannot be detected.

1  Check the following 4 points.

   - Make sure that the WLAN access point/router is powered on.
   - Move your machine to an obstruction-free area, or closer to the WLAN
   access point/router
   - Temporarily place your machine within about one meter (3.3 ft.) from the
   WLAN access point when you are configuring the WLAN settings
   - If your WLAN access point/router is using MAC address filtering, confirm
   the MAC address of the Brother machine is allowed in the filter

2  If you manually entered the SSID and security information(SSID/authentication
   method/encryption method/Network Key) the information may be incorrect.
    Reconfirm the SSID and security information and reenter the correct
   information as necessary.

   - How to confirm wireless security information(SSID/authentication method/
   encryption method/Network Key)
     1) The default security settings may be provided on a label attached to
     the WLAN access point/router. Or the manufacturer's name as model no. of
     the WLAN access point/router may be used as the default security settings
     2) See the documentation provided with your WLAN access point/router for
     information on how to find the security settings

     * If WLAN access point/router is set to not broadcast the SSID, the SSID
       will not automatically be detected. You will have to manually enter the
       SSID name.
     * The Network Key may also be described as the Password, Security Key or
       Encryption Key.

If you do not know the SSID and wireless security settings of your WLAN access
point/router or how to change the configuration, see the documentation provided
with your WLAN access point/router, ask the manufacturer of your access
point/router or ask to your Internet provider or network administrator.

<Configuration>
 Network Name (SSID)                    SETUP
 Hardware Address (MAC)                 90 ad b6:38:67:f8
 Communication Mode                     Ad-hoc
 Authentication Type                    Open System
 Encryption                             NONE

Faxing in Windows XP

Published October 21, 2002

If you're running Windows XP, you can finally dismiss that old fax machine to a faded county and use the desk space for something more valuable—like a box of doughnuts. An easy-to-use fax service is built into Windows XP so you can send and receive faxes from your computer.

There are a number of advantages to moving to a Windows XP-based fax system, the main one being no wasted paper. No need to print documents before faxing them. You can send, save, delete or attach incoming faxes to e-mail—all without using a single piece of paper. Of course, you can print them too.

Although you don't need a fax machine, you'll need a phone line, a modem, and a scanner to send and receive faxes from your computer. For faxing, the modem and scanner don't have to be anything special. Even a 33.6 bps modem will dispatch a multi-page letter in a minute or two. As to the scanner, faxes are sent in black and white and usually at a default resolution of no better than 150 X 150 dpi. Any working scanner can manage that.

Setting Up and Configuring Windows XP Fax

The fax service isn't automatically installed in Windows XP. To install the fax component,

1. Open **Control Panel** and click **Add or Remove Programs**.
2. Click **Add/Remove Windows Components**. Select the **Fax Service** check box and then click **Next**. The **Windows Component Wizard** takes care of the rest.

Note: If you don't have a modem already installed, take care of that now. Make sure the modem is connected to a phone line and the phone line is connected to a working jack. (You'd be surprised how often folks overlook these details.)

After the fax component is installed, the next step is configuring it. You configure the Fax service in the **Fax Console**, the center for faxing tasks. To configure the Fax Console

1. Click **Start**, point to **All Programs**, point to **Accessories**, point to **Communications**, point to **Fax**, and then click **Fax Console**.
